Summary

Important Notice: Nothing actually gets "chopped" in this drabble. We apologize for any inconvenience this may cause. However, things do get blown up. Blown up real good.

Nextwave and Tabitha Smith belong to Marvel Comics. Originally written for the "Boom" prompt at [marvel_100](#).

“Tick.”

Tabitha dropped her shopping bags, smacking her glossy, bubblegum-pink lips. Of course they just *had* to attack her in a mall.

“Tick.”

Like, couldn’t those silly little men and their shiny, shiny guns give a girl some space? It was *totally* a Saturday, and those Armani sunglasses weren’t going to steal themselves. Some people in the food court were still running and screaming, but who cared about *them*?

“Tick.”

With a flick of Tabitha’s finger, the Human Resources operatives exploded like a flurry of red and orange, broccoli-flavored confetti.

Tabitha picked up her bags.

“Like, you know the rest.”
