come to gotham and say it to our faces

come to gotham and say it to our faces

come to gotham and say it to our faces

come to gotham and say it to our faces

whenever anyone writes a negative article about bruce wayne this guy shows up in the comments

This man is a hero and the city of Gotham supports him.

Theory: betteroffred is actually Batman. Even once he defends our values.

why i everyone in gotham so protective of bruce wayne. he's a billionaire. He doesn't need you to defend him

years im ask???? genuinely confused????? why y'all talk all day about revolution or whatever the fuck but here comes a x who save me and puny as over his dick about what a concern on he like bruce wayne gives a fuck about you?

I've begged about it before but when I was in the hospital after my suicide attempt, Bruce Wayne came to see me even when my family resisted. He had no one who I was, but he asked if we could talk and then he just... hung out. For three hours. He made me laugh for the first time in months. He paid for all of my treatment even though I didn't ask. I asked a nurse and she told me that he put down that He just shows up and talks to people, people like me that don't have anyone to talk to. He still sends me every couple of weeks to make sure I'm doing okay. Bruce Wayne gave a fuck about me when no one else did and puny goodness right I defend him.

when I was a kid whenever I asked for toys my mom would be like "Go look like a super to you?" So today I wrote a letter addressed to "B wester" asking if he could buy me the motorcycle batble I wanted for his house after school so I could put it in his mailbox. The cops picked me up because mom called them when I didn't get home on time. It was a week later we got a call of batbles. There were like a hundred batbles. Mom was so embarrassed she never said that again and I saw the coolest kid in elementary school.

I was having a breakdown at a coffee shop during finals week and Bruce Wayne bought me a latte and helped me understand three months worth of material on variances in twenty minutes. I don't even know what he was doing there. I was so relieved I didn't even ask.

I was also a precocious child, and when I was a Daisy Scout my parents were really disoriented that I should tell my cousins how to do it. We sat backoned way I could immediately tell if they would involve much more exercise and interacting with the public than I was comfortable with. My solution? The Wayne mansion. A nice old man answered the door, and he let me explain why I was there, and then went and got Mr. Wayne. Who proceeded to order 200 bottles of This brand and a box of samosas.

When I asked him he just stared off into the distance and said, "Someday you'll understand." That day has not come.

has everyone in Gotham met Bruce Wayne???

I've lived here my whole life and I've never met him :c

try standing around with cookies looking sad

As an experiment I opened the window to my apartment and yelled "YOU'RE WRONG! BRUCE WAYNE IS MY FRIEND! Someone who roars the street shouters BECAUSE YOUR HEAD LOOKS LIKE A HAMSTER CAULI (I have cat allergies). I don't get a good look but they were wearing a suit. I don't know what this proved.

I will defend him with my life!

You never hear people in other cities stories like this

That's because if Luthor went around being ungarded at all of Metropolis would take turns kicking him in the balls

ever queen fit on my mom once

Sometimes that time Bruce Wayne bought a new carter and said he'd only build a new one if someone beat him in a race-o-ho, but then it turned out he was never going to dance and he was always going to built a new one and he just thought it would be funny if a bunch of people started angry dancing in the parking lot

I can't tell if you're joking

Source

is gotham even real

I met Bruce Wayne skydiving, and I didn't want to be a creepy nerd so I just complimented his watch. He ended up giving me the watch and it turned out to be worth \$20,000.

my middle school canceled classes once because an endangered bird was humping us in the quad. A bunch of us showed up anyway because bruce wayne was sitting on a table watching sit bull brochures. I wasn't even a cool bird. We thanked her getting us rid of class and he gave us a thumbs-up

This was a wild ride from start to finish
