# **[PODFIC] Petey and Wade secret dating service (as in they are secretly dating, and that serves to protect the world, in the loosest definition possible)**

by [c\\_doves](#)

## Summary

Ok, so maybe Peter took the job (internship, whatever) to be around Wade, and yeah, maybe that wasn't exactly professional of him, but sue him, he wants to spend more time with his boyfriend!

Ok, no, don't sue him, Peter is poor.

But now he has a job, so maybe he won't be poor for much longer.

Of course, that all depends on whether or not his new boss likes him, and whether Peter is able to keep said boss from discovering that Peter is everyone's favorite neighborhood Spiderman.

And when that Boss is Tony Stark... Well, Peter's confidence has hit an all-time low.

## Notes

My third attempt at this podfic, I have discovered I cannot manage more than 3.5 (amateur) voices in a fic. I found this sounded better if I \*didn't\* try to do voices, so let me know what you think, please? ^\_^

As always, I am happy for anyone to repod anything I've recorded (with the author's permission of course), I love to hear the different interpretations.

## Chapter Notes

I got an audio recording job! As an Aussie, I can't sign up to Audible or something else that's more common, so I'm extra excited that I managed to land a gig! I have to wait till like 10pm every night to start, since I can't have birds or traffic (or my kids!) making noise in a professional-quality recording. So also: Thank you for not minding the occasional background noise in these! :P Also, what is sleep?
