Vidder's Notes: First of all, much love and thanks to my beta siriuslyyellow. She helped me through every iteration of this vid--and trust me on this, there were plenty. Also thanks so much to 221_Otsanda and exorcisingemily on twitter, both of whom took the time to give me some very helpful feedback.

This video was the first time I'd ever vidded: solely from one character's perspective, a threesome ship, a five minute long song (nearly--4:56), using Doctor Who as a source, AND using a fandom that I'm new to (watched Series 1-7 in two months) and haven't seen everything that's out (started from 9). So it was quite a learning experience.

This was an intensive labor of love that was completed at the end of February. The reason I waited so long before posting was that I had hoped to go to Vividcon this year to premiere it. However now that I know for sure I won't have the money to go, I decided not to wait any longer. This vid's been ready for three months. It's time.

I originally was going to write long notes about the process of making it, but I nixed that idea. The only thing I truly want to say is that Doctor/Amy/Rory is my DW OT3. I hope this vid did them justice.

I'd love to hear your comments! Thank you for watching!
