## Chapter Summary

I just really wanted to do this I have zero excuses

### Hero Fan @heronews

@youngavengersoffical and @avengersoffical have announced they're starting a new charity/project in support of their fellow LGBT+ members and will be opening up safe spaces around New York.

### Hero Fan @heronews

They are also starting a charity to help get money for surgeries and other essentials such as binders, hormone therapy, and birth control. @iamironman has also announced that Avengers Mansion and Tower are open to all LGBT+ people who need a place to live if they were kicked out of their home/homeless

### Hero Fan @heronews

He is also helping those unrightfully terminated due to gender expression/sexual orientation. @wiccan has also announced he is opening up a support group.

### Hero Fan @heronews

@youngavengersoffical and @avengersoffical will also be doing a Q&A on the Young Avengers Youtube channel

-

"You guys sure you're up for this?" Tony asked as he watched Teddy shift into his Hulkling form. "I mean you're still... Relatively new to the whole hero thing."

"We did save the multiverse," Miss America pointed out. "And I've been saving the multiverse far longer than the rest of them."

"Dying and coming back to life was... Ew," Cassie pulled a face, along with her dad. Both were still going to therapy.

"Ted and I handled worse when we came out as gay," Billy shrugged and plopped down on his boyfriend's lap.

“I can already see that question being asked ‘hey if he’s trans, why do you call yourself gay?’ because my boyfriend is a male. Screw them.” Peter gave a thumbs up.

“I may be single but I stan that.”

“They’re sickeningly cute,” Tommy drawled, currently on his own boyfriend’s lap. Billy rose a playful brow at his twin brother.

“Are you ready to start?” Friday piped up.

“Start the live stream, give an announcement on both our twitters,” Tony nodded. They were in the living room of the Avengers Mansion for this, so everyone could comfortably sit, even if it was just the core Avengers members and the Young Avengers team.

“Hey, guys!” Tommy waved. “Speed here, ready to start this bad boy? Friday will be reading out the questions, please be specific on who the question is for or we’ll just assume it’s for everyone.”

“The first question is for ‘Wickling’ was it scary when you decided to come out?” Teddy and Billy glanced at each other.

“As Hulkling and Wiccan? No. We figured people would find out eventually so we let everyone’s favorite reporter interview us. As our civilian selves... Well... Hulkling’s mom already knew by the time we got together and I accidentally came out to my parents because they thought I was coming out but I was just trying to tell them I was a superhero. They’re really accepting and they already knew I was trans by that time. Coming out as trans was terrifying, especially because my family is Jewish My parents are super awesome though and before anyone asks, yes, our families know our identities,” Billy finally answered.

“I guess... for me coming out wasn’t so much I didn’t think my mom would accept me, but more was just like... A big deal because it made it more real?” Teddy tilted his head. “It’s kind of hard to explain, as Hulkling though it wasn’t scary or anything because I’m in a very amazing relationship with the world’s best guy and because I was like ‘well, they don’t know me as anyone other than Hulkling so...’ but that’s just me.” Billy smiled at him and cuddled closer.

“If you don’t mind me asking, what’s everyone’s sexualities and identities?”

“As everyone knows, I’m a trans male, and super gay,” Billy grinned.

“Gay and cis, well, at least how humans define the binary? Then again I didn’t know I was an alien until after I became a superhero and thought I had shape shifting mutant powers so.... Eh?” Teddy shrugged.

“Asgard generally doesn’t put labels, you just are, but by midgard labels, I’m genderfluid and pan,” Loki waved.

“And I’m non-binary and pan,” Thor hummed.

“Non-binary club!” Cassie high fived Thor. “I’m also pan.”

“Bi, and trans,” Peter grinned, he had his mask pulled up just enough so people could see his mouth, mostly because he was munching on a bag of chips. “I had my top surgery about two weeks before I got my powers.”

“I’m still saving up for mine,” Billy shrugged. “Luckily, having magic dash reality warping powers means I don’t have to run around a whole lot.”

“Bi and cis,” Tommy hummed. “And yeah, I would have your head bro.”

“And mom, and uncle Pietro, and my grandfather, and my parents, and my boyfriend,” Billy laughed.

“You better believe it,” Wanda hummed. “Also, cis and demisexual.”

“The irony of everyone wanting a piece of you,” Tony snorted. “Cis and bi.”

“Don’t remind me,” Wanda rolled her eyes and Vision smiled warmly at his wife.

“Nonbinary boy and straight,” Bruce spoke up. “Well, heteroromantic and asexual, even before the Hulk.”

“Asexual, but that makes me the best seductress because I won’t actually have sex with you and can just kill you without getting distracted by sex and feelings,” Natsha smirked.

“You are terrifying,” Steve chuckled. “Also, part of the trans club, got one of the first top surgeries ever done in the US. I’m pansexual.”

“I stan him,” Billy decided. “Spidey, Cap, we need t-shirts.”

“I’m gay and cis,” Bucky added. “And Tony is an asshole.”

“Only when I want to be babe,” Tony hummed.

“I’m just an ally, but my child is Stature so all y’all cis straighties who don’t support your kids, get fucked,” Scott spoke up and Cassie grinned at her dad. They didn’t really care if people knew her identity.

“He’s the best ally,” Cassie hummed.

“I see you with your dad and raise you my mom who defended me from her own sister,” Billy put in.

“My dad defended me from my mom and stepdad.”

“ANYWAY I’m a lesbian. Everyone knew that though,” America snorted. “And this idiot that I call my girlfriend is heteroflexible.”

“Mostly straight but every once in awhile a girl will catch my eye. Case in point, my sassy Latina of a girlfriend.” America kissed her and hummed.

“Better fucking believe it.”

“Oh my, sir, should I put the filter on?”

“You do you baby girl, “Tony nodded. He figured they’d need it.

“Okay! Also, Wiccan, what’s it like being a Romani Jewish queer?”

“Very hard,” Billy admitted. “You’d be surprised to find out that I’m not very popular outside of Wiccan. I know a shocker,” he snorted. “But at the end of the day my friends and family are by my side and they are the only people that actually matter. If you want advice from me... Well, there’s a reason I’m making a support group as part of our joint project. It’s hard. There’s always going to be people who hate you for being you, for not being what they define as normal, but normal is a setting on a washing machine, not people. As long as you’re not spewing hate or hurting anyone, be who you are and do what you like.”

“So... I heard rumors you were once called Asgardian, Wiccan?”

Billy groaned and covered his face. “Most of us went by different names back when we first started. Well, when Hulkling, our retired members Patriot and Ironlad, and me first started anyway. Kate suggested I change it because when people inevitably would find out about Hulkling and I well... Let’s just say I was not going to be dealing with those puns and jokes for the rest of forever.” Teddy chuckled and pulled him closer.

“Ass-guardian,” Tommy teased.

“Leave me alone bro.”

“Because I can see what questions Friday isn’t reading out... yes, my twin is such a twink.” Billy winced and hid his face in Teddy’s neck in embarrassment.

“Hey Wiccan, how are you and Tommy and Wanda even related?”

“I had created two children out of nothing, then they died I went crazy and rewrote the multiverse after someone enhanced my powers, and they were reborn,” Wanda shrugged. “He calls both me and his mother mom. We use context clues to figure out which he means. They took it surprisingly well, actually.”

“Pretty much,” Tommy mused. “I stay here or at the Tower most of the time. Or Wiccan’s house.”

“Speed you don’t stay with your own family?” Tommy tensed.

“You don’t have to answer,” David murmured to his boyfriend.

“I... Can I skip this one?” Tommy asked softly. Billy reached over and squeezed his brother’s hand. They all knew it was a bit of a sore topic for him.

“Anyway,” Clint cut in. “I literally can’t hear Friday.”

“You don’t have your hearing aids in?” Natasha asked, looking right at him. Clint shrugged.

“They got damaged in our last major fight.”

“And you didn’t tell me?” Tony asked, signing it as well. Clint grinned sheepishly.

“Wait, Hawkguy is deaf?” Tony signed the question and Clint nodded.

“Yep, eighty percent deaf, anyway.”

**We Can @wiccan**

Had a lot of fun with the Q&A guys! Sorry we had to cut it short

# The twins mainly

## Chapter Summary

I'm sorry

*Twitter DMs*

**wiccan:** Yo bro? You okay?

**speedingbi:** I will be. Sorry. I just...

**wiccan:** Nothing to be sorry for, still seeing our therapist?

**speedingbi:** Yeah. Seeing him tomorrow.

-

**Speed @speedingbi**

Sorry about the abrupt end to the Q&A, a lot of people have been asking about me and I'm fine. My reincarnated family is just a bit of a sore topic.

**Catie @Animechan**

Mood. You doing better?

**Speed @speedingbi**

Yeah. I have a session with Wiccan and I's therapist today. I go weekly.

**America's Jacket @missamericafan2223**

-

### **Wiccan @youngavengersoffical**

So full disclosure @avengersoffical also gave me permission to talk about this is gonna be a long chain of tweets so get your butts ready

### **Wiccan @youngavengersoffical**

First of all, I have depression. It's more a chemical thing but it's also mixed with some PTSD and generalized anxiety which I take medication for and see a therapist

### **Wiccan@youngavengersoffical**

Everyone but my boyfriend, me, and my brother see my mom and she's the official YA/Avengers therapist and is amazing. My brother, BF, and I see a different person of obvious reasons.

### **Wiccan @youngavengersoffical**

Being a superhero/hero isn't glamorous, isn't fun. It's... Hard, on all of us. We all have each other for support though and also bring out an issue to the table besides hero related stuff.

### **Speed @youngavengersoffical**

I asked to write about this.... I... Was experimented on for years. They wanted to make me a living weapon.

### **Speed @youngavengersoffical**

My dad left when I was really young, and my mom just didn't give a shit most of the time. When my powers manifested when I was defending my friend and accidentally blew up my school.

### **Speed @youngavengersoffical**

I was freed by my team and bro and the rest they say is history, oh and my reincarnated birth mom hates that I'm bi and refused to get in contact with me after I got with my boyfriend

### **Know-It-All @prodigy**

**Kiddin' @kidloki**

I'm finding all of you. All of you. You get your preferred body! You get your preferred body!  
All of you get your preferred body!

-

"You're really going to do this?" Billy beamed. He was in one of Teddy's shirts currently because Loki told him not to wear his binder.

"Yes! It's so ridiculous! I mean damn, you need thousands to feel comfortable in your own body that sucks," Loki decided. He was getting everything needed for the spell. It was a relatively simple one if you were a god of magic, but he still wanted to make sure he got it right. Stupid midgardians and their stupid ways. "Thanks for being my guinea pig for this."

"I just hope it works," Billy admitted. Loki just hummed.

-

**We Can @wiccan**

I finally have a dick! @kidloki thank you!

**Kiddin' @kidloki**

Don't ruin my reputation but you're welcome

**Hel @dead\_queen**

**We Can @wiccan**

A lot of people have been asking me about Speed, don't worry about it. It's personal and not something he wants us to talk about. He's okay, don't worry. He just needs some time to work some stuff out.

# Speed and tough decisions

## Chapter Notes

did I make Speed's "mom" racist and bigoted? Yes

Speed also curses a lot in this

just a warning

### Speed @speedingbi

I know people are worried, but trust me, I'm fine, just going through some personal stuff. I won't be online much if at all, and I won't be seen on the field for the time being.

"Thanks for coming with me," Tommy murmured to his boyfriend. They had just arrived at his hometown of Springfield, New Jersey, in civvies, of course, because just a couple of days before the hospital called and informed him that his mother was terminally ill, and they needed one of Tommy's kidneys. Mary Shepherd wasn't much of a mother, but before Tommy had met Billy and his real/previous incarnation's mom, she was all the young speedster had.

"Of course, Tommy," David smiled warmly at him, sending all-too-familiar butterflies through Tommy. The white-haired male never grew tired of the rush he got whenever David even looked his way. Deep down, Tommy was still preparing for the other shoe to drop, and David would leave him but... The bigger part of him really likes the thought of David staying.

-

*Young Avengers Group chat*

**Speed:** This was a fucking mistake

**Speed:** I never should have come

**Prodigy:** Tommy...

**Wiccan:** What's wrong? What's going on?

**Speed:** That fucking damn bitch is what happened!

**Miss America:** Want me to come over there?

**Stature:** What happened?

**Speed:** Not even two seconds in stepping in her room, she said “Finally you’ve decided you’re gay and you’re out of that ‘bisexual’ phase”

**Speed:** She then noticed David was black and had the nerve to say I shouldn't be dating someone of “his breed” and when I protested said “I am your mother! You’ll do what I say! I sacrificed everything for you-” and blah blah blah

**Speed:** And honestly? I don’t even want to go through the surgery to help donate my kidney or whatever the doctors scanned me for a while ago

**Speed:** But for whatever fucking reason, I can’t let her die

**Wiccan:** Deep breaths for me okay?

-

**Speed @speedingbi**

People suck, life sucks, I just want to go home

**Know-It-All @prodigy**

Just one more day, then we can go home

## Chapter End Notes

Please, do not hesitate to comment questions for the characters, think season two but Wally was saved at the end

ships in this will be as follows:

Wickling

David and Tommy

Birdflash

Bluepulse

Kate and America

any cannon ships not mentioned

These ships are purely Young Avengers and Young Justice due to the fact they are the ones receiving the questions. Remember, post-season 2, pre-season three Young Justice and Young avengers only for questions!

## Small chapter (see notes)

### Chapter Summary

this is basically a filler chapter, and yes, Nate is now a part of this story because I love my future super villain.

### Chapter Notes

I still need questions, remember season 2 team, plus Wally. As well as all of the YA team including Loki, Nate, and Cassie, no Noh-Varr though as I am not the best writer of him admittedly so... yeah. Sorry. ^^'

See the end of the chapter for more [notes](#)

### **Patriot @youngavengersofficial**

Guys. My house. Now

-

“So guys hi,” Nate waved at the camera. “I’m Iron Lad, um... I don’t know how or why I’m here... I remember being in the future and then... Poof.” Clearly, all of the Young Avengers, either having met Nate or not, were shocked and happy to see their former leader. “I founded the Young Avengers... Jesus felt like forever ago. Our team started with me, Wiccan, Hulkling, and Patriot here who has decided I’m his teddy bear.” Said male just grumbled and pulled Nate closer. “They told me they were planning on doing a joint Q&A with another hero team known as the Young Justice team? So, uh, yeah. I’ll be part of that.”

“Yep!” Tommy piped up. “I’ve never met him, I think. Maybe.”

“You did when we saved mom from Doctor Doom remember?”

“Briefly,” Nate added to Billy’s statement.

“Wild times,” Cassie mused. However, the subject was quickly changed because yeah, Cassie didn’t like thinking about that time.

“So anyway this idiot is back,” Patriot spoke up, rolling his eyes, playfully, at his former team’s antics. “So ask him questions as well, and Nightwing said his partner, a retired superhero, would be joining in on the questions. All questions about what our secret identities are will be ignored, but you can ask us nonspecific questions about our civilian lives.”

## Chapter End Notes

Super short chapter I know lol

Comments down below if you like, hate, or are indifferent to this story, I love hearing from people!

Artemis and Kaldur are on their mission so they won't be taking questions

Ships are all cannon ships (unless they conflict with a ship down below) plus these:

Nate and Patriot (unestablished but like each other)

Wally and Dick (established between season 1 and 2. Wally knows about the mission with Artemis and Kaldur still)

America and Kate (Established and happily so)

Connor and M'gann (I love them too much together for them to be broken up in this fic)

Bart and Jaime (not established but like each other)

David x Tomy (established)

Bart is gonna be 16 in this fic, but looks 14, the adults and Jaime know about his future but no one else

You can ask LITERALLY ANYTHING :D Just keep it PG-13 so I don't have to raise the rating on this fic yeah? Also, if you don't use their hero names (for example saying Tim instead of Robin) it's no big deal just know I'll put "username asked: Robin what is your favorite color?" instead of "username asked: Tim what is your favorite color?" in the fic itself!

## **Smalll Update**

This story isn't dead! I'm currently working on the next chapter which is the Q and A with YA and YJ, it's just taking a while for multiple reasons lol

# Q and A

## Chapter Notes

I know there weren't as many questions or whatever but eh it's what I could think up?

Anyway next chapter the DC heroes will be gone (I love Hartley/Dick/Wally as well so you'll be seeing some stuff involving them later on in other works of mine)

"Yo guys today we're answering questions," Tommy said, getting comfortable with his team. "And we had way more than we could do."

"Way more," Dick deadpanned, leaning against his boyfriend Wally.

"So many more," Wally added.

"So we'll be doing our best to answer them while eating," Cassie added. The group was, in fact, eating. An off duty Blaze was also cuddling with Bart who was more than happy to give her attention while he ate.

"Also, because we couldn't stop him, this is Walls and I's other boyfriend, Hartley."

"Yo!" Hartley waved. "I don't have any questions from you guys but I got bored. Plus food."

"Food," the speedsters in the room agreed, nodding their heads sagely.

"Anyway first question," Hartley spoke up. "We pretty much all know the Young Avengers powers and gender and romantic/sexual orientations, but let's just get a quick update on that and if the young Justice Team is comfortable would they mind telling us as well?"

"Gay and Trans male though Loki did give me a dick, reality-warping powers," Billy spoke up, munching on his food.

"Gay, cis boy, shapeshifting, super strength, and a healing factor," Teddy hummed.

"Lesbian cis girl, dimension dash universe hopping powers, super strength, near invulnerability, and flight," America grinned.

"Bi cis boy, same with my boyfriend. I'm a speedster and can make things explode and my know-it-all boyfriend can absorb people's knowledge." David waved as Tommy spoke, happily letting the white-haired speedster steal his food.

"Heteroflexible, mostly straight but every once in awhile I'll have a female catch my eye, in this case my girlfriend America, cis girl no powers but I am the current Hawkeye so archery,"

Kate said. America hummed and grinned.

“Pan and nonbinary, they/her pronouns,” Cassie said. “I’m one of the only single people on this team. Size manipulation.”

“Pan and genderfluid,” Loki, currently a female, waved. “Norse goddess, sometimes the god of fire, magic, mischief, fatherhood, trickery, and life as well as a frost giant so ice powers. Also single.”

“Fatherhood?” Billy rose a brow at him.

“Yep,” Loki hummed. “I do have multiple kids.” The Young Justice team just stared at him and he waved his hand. “God remember?”

“You get used to him. Or just have America punch him through a wall,” Tommy said. Loki pouted. Hartley snorted and signed to Wally and Dick. Dick kept a neutral face, somehow, but Wally had zero of that self-control and burst out laughing.

“Hart Jesus...” Wally shook his head.

“I don’t want to know,” Teddy decided.

“Something about Axel and Owen? I couldn’t pick up the rest,” Billy admitted.

“You know sign language?” Hartley asked curiously.

“Not a whole ton, I had a deaf friend when I was younger before time and distance drifted us apart, I remember the letters but not much else.” Hartley nodded in understanding.

“Anyway, no powers, cis male, and pan,” Dick said. “I am an acrobat, though.”

“And you’re horrid, supes thought you were a jumper once,” Wally reminded. Dick grinned, unashamed. “Cis male, bi, super speed.”

“Gay, deaf, sound manipulation,” Hartley winked. “Cis boy.”

“Bi, cis boy, superspeed,” Bart hummed and munched on his food. Jaime tried not to look interested in that.

“Bi cis boy as well, have an alien suit thing.” Khaji Da chirped, and Jaime muttered something under his breath. Bart hummed and pet Blaze.

“This’ll take forever,” Tommy complained. He was a speedster and impatient, sue him. The group snorted, all used to their own speedsters.

“Fine fine, you spoilsport, we can answer on twitter anyway,” Billy said. Hartley hummed and looked through the questions again.

“For those of you who aren’t in school/are students full time, what are your jobs?” Hartley read out.

“Should be general enough,” Dick said. “I’m a detective.”

“I write,” Tommy waved his hand.

“I’m a student-teacher at Xavier's School for gifted youngsters,” David said. “...Does that technically count as school since I’m going to school for teaching?”

“You get paid?” Dick asked. When David nodded, he added, “Counts as working then.”

“I’m actually curious how old are you guys? I'm a school psychologist,” M'gann said.

“I, Tommy, and Cassie are nineteen, and Teddy and David are twenty, Eli is eighteen, America and Kate are twenty-one, and Loki is....” Billy turned to Loki.

“Somewhere in the thousands,” Loki shrugged.

“There ya go,” Billy hummed. “And yes, Teddy and I are engaged, we’re not in a rush to actually get married, but we are engaged.”

“Yep,” Teddy grinned.

“I work part-time at the all,” Cassie shrugged. “Otherwise, just focused on my studies.”

“I’m doing an apprentice at a car mechanic’s shop,” Connor said, pulling M’gann close. Hartley mumbled something to his partners, but they shook their heads. Hartley nodded in understanding.

“Anyway, this one is for Impulse actually, they wanna know why you have a service dog.” Bart sighed and pet Blaze, who whined.

“It’s... Not something I wanna talk about,” the speedster said.

“Preach,” Tommy said.

“Dadrus? **I’m going to take a second.**”

“**Do you want me or one of your other dads there?**” Bart shook his head and left with Blaze. Dick sighed and leaned against Wally. Tommy eyed Bart as he left, but didn’t follow. He got it.

“Anyway, the next question,” The white-haired speedster spoke up. “Also, leave him be.” The group nodded and continued, Bart and Blaze eventually joining them again.

# I'm not sorry

**Speedster cool @speedingbi**

So funny story, apparently I'm rich now, who knew my family was secretly loaded?

**Speedster cool @speedingbi**

Apparently they've been trying to contact me for years, but accidentally blowing up my school and ending up in a government program trying to turn me into a living weapon impeded that.

**Speedster cool @speedingbi**

Also, apparently, mom never bothered to tell me who my dad was not because he was dead, but because, like always, she was just looking out for herself :)

-

**Tommy Stark @JustTommy**

This is a goddamn thing now. Cool. Great. I'm coping. It's fine.

**Tommy Stark @JustTommy**

I MEAN IT'S NOT LIKE MY MOM ABANDONED HER FAMILY AFTER SHE SLEPT WITH TONY STARK AND GOT PREGNANT AND LEFT OR ANYTHING BECAUSE SHE DECIDED EHR LIFE WOULD JUST BE EASIER THAT WAY

**Tommy Stark @JustTommy**

Or the fact that I'm now twenty years old and had been lied to my whole life that my dad was fucking dead and her finally kicked her out for being pregnant outside of marriage.

-

*Group Chat: Family*

*Billy has added Tony Stark to the chat*

**Billy:** Welcome to this group chat, we're fucking weird.

**Billy:** Just Remember Tommy I are a box set, even if we're not technically twins this time around

**Tony:** Cool, great, you guys want your own wings in Avengers mansion or share one? You'll have to share a floor at the tower though.

**Tommy:** We already have rooms????????????????

**Tony:** And? You're my sons now

**Tony:** Wanda and Vision can fight me

**Billy:** I have great not shitty reincarnation parents

**Tony:** I won't fight Rebecca, she'd win. She knows all my deep psychological issues and secrets

**Wanda:** I'm not even surprised you're giving them their own damn wing

**Tommy:** For the record, share

**Billy:** Yep, and preferably have a meditation room for me

**Squirrel Girl:** Same here!

"Why is the camera... the lens cap is still on, whoops," Peter's voice could be heard before suddenly he was visible, grinning from ear to ear. "There! Hello guys! We're giving Tommy here a tour of the labs, as well as fun nerd things with Shuri, who'll be hanging out with us for a week!" The Wakandan princess waved and smirked.

"What up? I'm the coolest person you'll ever meet!"

Another girl, slightly younger than the two of them, laughed and smirked. "Don't forget about me, loser!"

"Oh Riri is here too I guess," Peter hummed, turning to a white haired boy. "Tommy say hi to the camera!"

"Are we even allowed to be making this video for the Avenger's YouTube channel?" he said instead, looking mildly unimpressed. There was a clear hesitancy in his eyes, however.

"We do it all the time," Riri confirmed and got off of one of the lab tables. "You should call the rest of the nerd squad as well." The nerd squad consisted of Miles, Peter, MJ, Ned, and Gwen. the former for easily integrating the later one into the group. Peter smirked and nodded, quickly texting them.

"Shuri can finally meet Gwen too," he wiggled his brows and Shuri huffed, looking away. "Alright let's have some fun!"

"Power testing part.... Technically part one because time-travel," a pale girl with long black hair that turned white halfway down said with a hum. The whites of her eyes were black, and her irises were red. "Photon here. Ready Phoenix?"

"This seems like a horrible idea but sure," a blonde girl snorted. Her long blonde hair was over her shoulder, the very bottom braided with a strap to tie the end. She had pale blue eyes.

"Kick it!"

The blonde, Phoenix, sighed flames coming off of her findings in tiny wisps, forming together as they danced across the room, only guided by the movement of the teen's fingers. They were pretty, and gave off more warmth than one would assume.

"Are you two screwing around again?" A voice called after a girl with shoulder-length burner hair came through a portal. She had pale skin, brown eyes, and wore a float purple robe and red cape. "We're supposed to be figuring out how to get home."

"You're no fun," Marie huffed.

"Aria, Marie. Portal. Now," Katie said firmly.

## Chapter End Notes

If you're curious ever about any of my OCs, feel free to leave a comment and I will happily ramble on about them

# Vlog #1

A younger Aria sets up a camera, smiling. She appears to be in a somewhat nice bathroom.

"Hey! I decided, with my new school's permission, to start a vlog! I think it'd help a lot of people start seeing Supernaturals like myself and mutants as less faceless things and more like people!" Aria beams, her blue eyes flashing to have the colors of fire for a split second. Her long blond hair ombres to a golden orange.

There is a quick speed up montage. Aria is first brushing out her hair, then braiding the bottom and wrapping it in a strap until only the blond in her hair shows, with some of the blonde braided. She then puts on her makeup.

The video cuts and now Aria is walking down a hallway in her uniform. Her uniform was a white button up collared shirt, a mauve blazer with the school's emblem on it, and a magenta skirt, the school's emblem also being magenta. With her neck exposed, it was easy to see the gem embedded in it that was the same red-orange as the bottom half of her hair.

"I smell pancakes! My brother just got me and he's going to wake up the rest of the family. Apparently, dad made breakfast today." Aria is beaming, obviously excited about the prospect of her dad cooking.

Once Aria has moved to just inside a door frame, she pauses. She quickly turned the camera, revealing an open concept kitchen/living room and zooms in where her dad is cooking.

Johnny is definitely older in the video, and has several scars that can be seen thanks to being shirtless, a couple of them even look like burn scars. His hair is still the same length as his younger self, but messier, and he had a five o'clock shadow.

"He really is cooking," she whispers. "He's actually..."

The scene cuts to Marco, looking significantly more feminine, picking up the camera and showing everyone's faces, which was Sue, Ben, Reed, and Johnny, all looking older, his sister, then showing the empty plates before turning the camera to himself. "Aria is about to leave so hi internet, I'm Marco."

"Marco!" Aria laughed and wrestled the camera from her brother. She turned it towards herself and rolled her eyes playfully. "He's great I promise. My cousins all usually would be here but they're visiting Katie and her family for a mission."

The camera suddenly shows old, but well taken care of, metal gates, which were designed to look like a shield with a rose surrounded by a thorn bush. It was the same emblem as on Aria's school uniform.

"We're here, not sure how much I can record of orientation but we'll see," Aria suddenly spoke up from behind the camera, sounding uncharacteristically nervous. "Let's hope I can make some friends."

-

The video suddenly shifts to a rather nice but small bedroom. From where the camera was positioned on a window sill. You could see the door, a closet door (closed) to the left of the door, a dresser to the right of the door, and a desk next to the closet. Aria was sitting on a rather simple bed with the door closed.

"So, no footage of orientation, and I won't be able to get footage of classes. But, I can still talk about them on camera." Aria fussed with her hair. "So, we only have to wear our uniforms on Tuesdays and Thursdays, plus special events like guest speakers, orientation, etcetera, which is nice. Staff does our laundry but if it's not in our specific laundry hamper by Friday, it won't be cleaned. Food will be provided in the cafeteria, but if we want something outside of mealtimes, we have to use the kitchenettes in our dorms. I'll give a dorm tour in a different video."

Aria pauses as there was a knock and looks over, but then turns back to the camera and smiles.

"That must be one of the two people I met."

The blonde reached up and gave one last smile before turning the camera off.

## Vlog #2

"Hey guys!"

"The camera cap is on."

"Oh!"

The video suddenly goes from black to showing three girls. Aria is one of them, but she's joined by a Hispanic girl with messy black hair that stopped just at the top of her shoulder. She had one sea-green and one brown eye, freckles, and the school uniform, just with mauve slacks instead of a skirt. She was also wearing a red knit beanie.

The other girl was in the school uniform, also wearing the pants version, but her blazer was on the couch next to where the three girls were sitting. She had lynx-like ears on the top of her head, and a ring-tailed lemur tail. Her hair was short, with 'emo' fringe bangs hiding the left side of her face, and she had purple in her bangs that made them dyed to look like fire. Her tail also had white and purple rings and her main hair color was white. She also had crisscrossed small hoop earrings in her left ear.

"These are my friends Cassie and Lexi!" Cassie, the one with heterochromia, waved when she was introduced and Lexi, the animal hybrid, just smiled. "I met them during orientation."

"She asked us for help with her vlog thing," Cassie mused. "Seemed fun."

"Tons," Lexi laughed. "I asked if I could do some neat explanation videos with my art and this nerd was all for it."

"It sounds cool!" Aria defended herself, laughing. "Besides you guys give a different perspective than I can."

"True," Cassie said. "I don't think my videos on the topics will be nearly as interesting."

"We'll figure it out," Aria promised.

# Chapter 23

## Chapter Notes

This will be the final chapter

It's a bit of an abrupt ending, but my opinions and stance on some of the ships in here change, plus it's simply just not fun to write anymore

Hope y'all understand!

### **Phoenix @AriaStorm**

Whoever posted those videos. Take. Them. Down.

### **Phoenix @AriaStorm**

I don't know how you managed to get them, since we time traveled, but those videos were taken off my YouTube for a reason.

### **Phoenix @AriaStorm**

Lexi died at the end of that first year, and due to the high emotions Cassie and I were feeling at the time, we decided to take those videos as well as any videos she was in that weren't purely educational, down.

### **Phoenix @AriaStorm**

So however you got them. Stop. There's plenty of other videos on that channel you can somehow upload on the present.

-

### *Time shenanigans*

Ellie: Shit Aria are you okay?

Aria: ... no

Aria: I'm just... confused and pissed

Katie: and that's totally valid.

Marco: Gods sis I'm so sorry those videos somehow got uploaded

Talia: We'll get them down as soon as possible.

-

**Human Torch @FlameOn**

We're working on getting the videos taken down, we got the first one down. This isn't a game.

-

**Sorceress Supreme @Princesssupreme**

We're no closer to figuring out how to get home, but hey, this time period isn't all that bad.

**Ellie @nano**

Not the worst time period we could have gone too, no

-

**Pan with a Plan @photon**

I *\*have\** a way of getting home but it's only just me and the others won't like it

**Kinetic Gay @kineticforce**

You're not allowed to die we've been over this

-

*Time shenanigans*

*Ellie: hey. Aria.*

*Aria: ???*

*Ellie: I know a way to make you feel better!*

*\*Nate Richards has been added to the chat\**

*Ellie: we're gonna troll plebs.*

*Aria: ... yeah id like to do that*

*Katie: count me in!*

*Ellie: Also, Aria, didn't your cousin and Paige break up????*

*Aria: ... oh yeah. In my defense, I was dealing with other shit a month ago*

-

**Phoenix @AriaStorm**

I miss my boyfriend James Bradley and his sister Anastasia Romanov :(

-

**Ellie @nano**

I miss my girlfriend Mayday Parker and our shared BFF Paige Murdock

-

**Nate @Ironlad**

The most stressful thing about time travel is never knowing whose with who

**Nate @Ironlad**

Like I legitimately thought @wiccan and @hulkling were already together when I first came to the past????

**Nate @Ironlad**

They weren't though and man that was Weird.

**Sorceress Supreme @Princesssupreme**

Right????? Like I'm used to my dad being married and ruling several galaxies.

-

**Pan with a plan @photon**

I gotta agree with @Ironlad about the relationship thing. Always a weird staring off into space trying to figure out whose with who

-

**Apprentice Mage @Tessa-coil**

I can get you guys home.
