Before The Gods, I Told No Lies

by [Walkingdeadgal](#)

Summary

A High Priest named Tzekel-Kan never told lies, well not all the time. He knew what his purpose was. He was a speaker for the gods after all. If he needed anything he could just get it in a snap. He thought he had what he needed and wanted until he met a reborn goddess named Kaiti who was found exploring the island lost and confused on where she was with Tulio and Miguel, besides thinking they were the chosen gods he felt odd around her and chose not to think about it much. The past days are peaceful in El Dorado. Tulio and Miguel do their own thing while Kaiti stays close around Tzekel-Kan learning about what he does, the feelings he gets are complicated and he is lost on what to do. Lie after lie spills out of his mouth and he can't catch himself when he falls in love with her and learns on what she truly is and he himself starts to change in ways.

"They say a god doesn't need blood, but for her..I'd do anything for my goddess."

A Small Introduction

"The prophecy will come true this year Acolyte..I predict the gods will come to us.." Acolyte looks up seeing the high priest raise up touching a stone tablet in front of him, he sighs shaking his head as he gathers some ingredients. It was like this every year, the god hasn't came yet and most of the natives stopped listening to him a long time ago. "But Tzekel-Kan what if your wrong?" Tzekel-Kan turns around quickly and smacks Acolyte in the head making him drop a tablet to the floor. "You will not show such disrespect to the gods!!" Tzekel-Kan stops for a moment noticing the book had opened to a page they never seen, the priest picks the book up noticing a picture of a cat like girl standing with the gods seeming lost. "Why..I never seen this page before. Acolyte what is this?" He flinches looking towards him nervously. "I-I never seen it my lord! I haven't even seen the page till now!" Tzekel-Kan rolls his eyes and he walks towards the stone tablet looking at it. "Seems here theres a third god..I never had seen this before." He starts to chuckle as he takes the page out sitting it on the rock, Acolyte gulps knowing the look on his face and he starts to back up. "Well..this year will be interesting. Very interesting..A goddess will be on our hands to. And the year of the jaguar will start right." He starts to laugh loudly and Acolyte looks off wondering what he had done.

Awakening On a Island

Chapter Summary

When you don't know where you are after an accident you know something is wrong when you travel with two men who are on an adventure to "El Dorado" The city of gold. What's even worse is getting caught by said island's natives and meeting their priest.

"Begone witch! A woman has no place going out and doing a man's job!" A few loud laughs were heard as a woman steps out in anger, she fixes her shirt and pants as she crosses her arms feeling her glasses slip a bit. "A woman has no place doing a man's job..I'll show them! I'm a veterinarian for fucks sake I can do what they can do." She pushes her glasses back up to her nose and she stomps off. She has all her supplies but she needs a map first, hopefully to somewhere far away and not discovered. She looks around the market and she stops at a map shop seeing a man trying to sell an old map. She walks up and coughs trying to get his attention. "Ahem. Sir..where is that map to?" Her eyes study it and he looks up smiling grabbing her. "Why this map is to El Dorado!!" "El..Do what?" "El Dorado! The city of gold!! I been trying to get rid of the darn thing but no one will take it!!" "I'll take it. I'm out on an adventure myself!" He hands it to her quickly while she looks shocked at the gesture. "Take the damned thing! I'm finally free! FREE!!" He runs to the back of the shop and she blows her bangs from her face softly. "Well..that was easy. Now to get a boat.." She looks out the window seeing Cortes ship getting ready to dock and she gets an idea, She puts the map in her bag and she heads out sneaking towards the ship. She pokes her head from the corner seeing a rowboat to the side floating in the water. The woman looks around and she rushes to the boat hearing a few yells in Spanish being yelled to her. She jumps in the boat seeing it had some food and water and she grabs the sails starting to row away, she curses to herself pushing with all her strength and she sails off seeing the men yell at her throwing things. She laughs as she gets farther away. "How's that for a woman!?" She snickers seeing them give in and she sails on down the ocean leaving the hellhole of Spain. As the storm rages the roaring waves crash against each other as the rain pours down hard, a lone small boat was sailing through the water rocking back and forth hard trying to avoid damage. The young woman was trying to steer the boat clear of the roaring waters as she was being soaked by rain. She didn't have much of her food supply left and it looked like she wasn't seeing any land any time soon. She sighs not giving in to her situation and she pushes harder hearing a strange noise. She looks up hearing a roar seeing a huge tidal wave coming towards her and her mouth opens. "Oh shit.." The water crashes into her boat sending her into the raging water as she coughs and spurts trying to keep herself above on a piece of the ripped boat, it drifts off and she lays down trying to catch her breath resting for what's ahead of her.

The sound of crisp waves echoes around the beach leading to an entrance of a jungle, many haven't lived to tell the tale of what lies beyond the island. Though on the far side of the sand a crashed boat is in pieces from a wreckage. The woman had landed on the shore laying in

the sand, she opens her tired eyes seeing she was in sand and she gets up with a groan. "I..i made it!!" She cheers kissing the land before she bumps her head into some skeletons making her yell in fear backing up. "L-Looks like they didn't make it to far..I better be careful.." She grabs her bag off a rock checking it seeing it wasn't badly damaged but water logged, she sighs putting it on and grabs the map wringing it out with a grumble. "Better to be safe than sorry i guess..adventure waits." She makes a face staring at the jungle entrance and she groans heading inside as a armadillo follows her. Deep inside the jungle A couple of rustles and crunches of branches a shadow emerges from the bushes revealing the woman who looks lost. She fixies her clothes softly and looks around confused but she treads on deeper into the jungle, deeper and already been in circles the woman sits down on a log and she sighs as she rests feeling the sweat drip off her. "I can't even find my way out of this damn jungle..how am i gonna get out of here if I don't know were I'm even going." She reaches into her bag and pulls the map out seeing its ripped in half from being in the water to long. "Oh just my luck..the map ripped. Why did i even buy it from that crazy merchant!?" She hisses out as she crumbles the map up and throws it in the water, the girl leans back angrily seeing the Armadillo sit on the log and hand her a piece of fruit. "Well your a survivor huh little fella..I could use a companion on this adventure." She picks him up softly and puts him in the bag as she chews on the fruit noting how fresh and good it is as she hands him a few pieces seeing him eat. "Well I guess we'll head north, maybe we can find something for shelter for the night." It starts to rain heavily soaking her making her groan loudly and the little animal shake hiding. "Ohh just great! MY LUCK IS HELL!" She yells loudly as her voice is drowned out by the lighting and thunder.

On the other side of the jungle two voices are heard as a horse passes by in the pouring rain. "Miguel..we need to rest." "Oh come on Tulio a little rain never hurts anything!" "Well it does because I can't see anything! Now give me the map!" The horse rolls his eyes as he sighs listening to the two argue on his back, fighting over the map again it seems. He looks ahead noticing a blurry shape appear making him confused. He starts to whine to the two men trying to get their attention seeing their arguing more and he snorts letting out a yell as the woman stops dead in her tracks staring at them scared. Tulio looks up at the sudden halt and he yells as he grabs the horses reigns yanking on them hard. "WOAH ALTIVO!!!" The woman yelps in fear falling back and she raises her arms up trying to shield herself and her bag as Altivo stops bucking Miguel and Tulio off his back. The two land with a muddy thud and the girl looks at them feeling her Armadillo friend poke his head out, Tulio wipes the mud off his face and he groans getting up staring at them. "What's the big deal stepping in front of us!" "What's my deal? What's your deal not looking were you was going! You could have hurt me and Armo here!!!" "Uh hello the rain we couldn't see!" They growl bashing heads making Miguel shake his and he walks over to her reaching a hand out to her. "Need help miss?" "Kaiti..and thank you.." Kaiti grabs Miguel's hand and he pulls her up from the ground into him, she softly turns red and she seperates from the man. "Thank you." "It's no problem." They smile making Tulio gag and he walks up seperating the two as he groans. "Great you helped her now let's go. We have a city of gold to get to!" "City of gold?" Kaiti turns looking to him with a curious look. "You mean El Dorado? Seems we're headind to the same mythical city!" Miguel Gasps holding his cheeks noting that she hadn't heard of it and Tulio looks to him starting to back up. "Oh no, No Miguel. This is our plan! No one else!" He hisses to him to late though as Miguel grabs Kaiti and shows her the map excitedly, Tulio

scoffs and looks to Altivo crossing his arms. "Can you believe this?! He sees a girl and shows her our plan!" Altivo starts to laugh to himself. "This is a map to El Dorado. Were following it! A adventure if you will." "Woah..I wouldn't mind tagging along with you guys, not like we have anything to go on since our map tore up." "That's a great idea Kaiti, We'll follow the trail we blaze! Again!" He points a sword ahead and Tulio holds his face as Kaiti starts to snicker. "Miguel no!" "Miguel yes!!" He lifts Kaiti up with a laugh and he helps her on Altivo getting on himself. "Come on Tulio adventure awaits us! Let's go!" Altivo raises up with a snort and he charges leaving Tulio behind them, he starts to run after them yelling waving his arms. "WOAH HOLD UP YOU TWO IM NOT ON THE HORSE!!!"

Traveling throughout the jungle seeing many plots on the map Kaiti is happy she found the two to set off on her adventure with, she looks around as Armo is a bit green laying out of her bag. "Aww poor Armo. Seems he's getting motion sickness." Miguel looks back seeing the animal whine softly. "I didn't know Armadillo's could do that! Anyway why are you heading to this city Kaiti?" She sighs holding Armo as she looks ahead. "I'm wanting to prove a woman can do anything a man can do, I might just be a vetinarian but I can do more than what i look." They look to each other then to Kaiti as she looks down, the boys feel bad as they stop for a break. Kaiti gets down with Miguel's help and they open the map again as she looks around in the grass. "What are you doing?" "Well Im helping Armo, I'm a vet it's what i do. But I'm looking for some mint so I can help settle his belly...ahah!" She picks at a odd looking leaf and she mashes it up in her hand softly feeding it to the armadillo. "What does the map say anyway?" Tulio looks to it and he looks up seeing a crying statue, he hits the map smiling as he puts it up. "We're almost there! Just a another mark and we'll be at the golden city!!" Kaiti rolls her eyes putting Armo in her bag and she leads Artivo as the boys get back on the horse. "Let's go boys!!" She leads them off and they head off not knowing the dangers ahead of them. "Uh boys i think we're lost.." Tulio looks back to Kaiti with a tired look. "No were just taking a break Kaiti." "Hey Tulio go easy on her. I'll check the map again." Miguel opens the paper up looking as Kaiti hold's onto his arm trailing behind, the forest just seems never ending now and their getting pretty tired now.

Kaiti lets out a soft yawn as Altivo stops ahead of them on a branch and notices it starts to crack under his hoofs, he nervously smiles back up bumping into them. "What's wrong boy?" Kaiti steps ahead and the branch fully breaks sending them all down a hill yelling and tumbling. They hit the cool ground below and Kaiti tumbles rolling into a giant stone slab hitting her head pretty hard as Armo rolls out of her bag into her, she heads back groaning as the boys lay beside her. Tulio gets up rubbing his head and he looks around seeing how strangely empty it is. He rubs the stone flicking the dust off and he leans down snapping his fingers. "Hey Miguel wake up. Were here!" Miguel groans but he opens his eyes quick. "Were here!?" "Yeah we are!" "We're were is it!?" "Right here." Miguel stops looking around confused at the emptyness around them. "Is it behind the stone?" "No Miguel it is the stone." Tulio helps Kaiti up as she holds her head grabbing Armo softly. "Did we make it..?" "I-I don't understand the map it says.." He takes the map from Miguel and he gets on Altivo angry. "No it is the rock, we came for a rock." "But we got here before Cortes and.." "No we came here for a.. GREAT BIG ROCK!!" His yells echoes around them and Kaiti looks around just as lost as Miguel is. "I swear i know its here. We got here before him!" "Oh what and he wanted to take a rock? That scoundrel!" Tulio mocks as Altivo nods , Miguel squeezes

the map looking sad as Kaiti puts a hand on his arm. "Hey Miguel we tried.." "B-But i thought we could find it.." Tulio looks to them and growls out. "Get.On.The.Horse." He hisses and Miguel looks sad, Tulio lifts him on the horse groaning. "Come on not the face..look me you and Kaiti can find a exit somewhere. I think i saw one around here." She shakes her head with a soft sigh and grabs Altivo leading him away from the stone. Behind them emerges A girl as she runs past the waterfall panting as some guards was chasing after her, she heads around the stone and bumps into Altivo starting Kaiti and the boys who yell. The girl yells back at them and the guards surround them pointing spears at them. Kaiti backs up raising her hands shaking a but. "W-Woah now!! Easy!" A man in a jaguar skin points it to her seeing her flinch at the sharp blade and his eyes widen in shock as he motions to the others stopping them, The boys gulp as Miguel holds Kaiti's arm softly bringing her to him. The girl looks to the natives and she throws a strange object at Tulio startling him, he glares and throws it back to her as Kaiti raises a eyebrow in confusion. They throw it back and fourth to each other and Kaiti follows it with Armo getting dizzy watching until it hits Tulio in the head and he sighs looking to them again.

"Hey uh...nice rock. We're tourist and we was just about to leave and.." They point the spears again and they look nervously. "Spears..eheh.." The natives lead them off and Kaiti notices the man keeping a close eye on them, they head past a waterfall seeing some boats docked at the rocks. They all board it with no other choice to and start to head off down the river quietly. Tulio and Miguel smile to the girl and she glares to them looking off, down the river the sun starts to shine revealing a golden object in her hand and they both gasp as she hides it. Kaiti looks around shielding her eyes and she opens her mouth as they pass some plants into-"El Dorado." They all say in unison looking around the giant city. The golden city is huge and stretches as far as the eye can see. Native villagers stop and look in shock at them passing by, golden butterflies fly past them into the blue sky as giant and rainbow fish swim past them under the boat in the clear water. The boat stops at a dock gently and Kaiti and them get off it onto the land. The man in the Jaguar skin rushes off one way and a native goes the other way. Kaiti watches them and she sticks by Miguel softly closing her bag hiding armo. "I'm getting a bad feeling guys.." She whispers softly to them and they nod in agreement with her. The man goes up to temple and he whispers to another as he looks. "Sir their here!" He smirks pushing him away and looks at the stone slab showing the three gods. The other goes to a bigger man whos playing with kids and he whispers to him before he looks shocked and gets up walking down. Kaiti rubs her head seeing the natives stare at them and she weakly smiles waving at them. "BEHOLD! The prophecy has been foretold!" They all jump at the voice and look seeing a man walk down towards them, Kaiti slowly hides behind Miguel not noticing the girl is still there. "Did i not tell you the gods would be here!" The natives all whisper looking towards them in agreement. "Gods..? What is he talking about." Kaiti looks lost seeing the man look to her and smirks sending a shiver down her spine. "And with the gods I found a page that foretold a goddess to lead them and here she is!" He chuckles walking in front of them bowing down with the bigger man. "My lords I am Tzekel-Kan the speaker of the gods" Kaiti waves and she holds Altivo's reign. "Hi im..Kaiti.." Miguel and Tulio smile and they get down with a mighty tone in their voice. "And I am Miguel." "And I'm Tulio. And we are Miguel and Tulio!" Miguel pulls Kaiti to him smiling. "And this is Kaiti, our animal doctor!" The natives gasp and Kaiti looks seeing

Tzekel-Kan study her at that remark, The bigger man smiles and bows to them in a sweet tone. "I am Chief Tannabok. We welcome you to El Dorado."

The Speaker Of The Gods

Chapter Summary

After making it to El Dorado our three don't have any idea what they have got themselves into by pretending to be gods after meeting the High Priest Tzekel-Kan and the Chief. After getting their temples and a promise of a feast a plan is set with Chel.

Kaiti takes a deep breath but she steps forward to the two men as she bows to them. "It's very nice to meet you both! I hope this wasn't too hasty for you all." The girl looks around while they are busy talking and tries to sneak off but she bumps into Kaiti sending her into Tzekel-Kan a bit. "What the hell?" He grabs her and drags her out to them. "Ahah! I see you caught this temple robbing thief! What should we do to her my lords? Punish her?" Kaiti looks up shocked and she elbows the boys with a cough, she looks to them then to the girl and makes a face as the girl panics. "Uh no no! See...i was sent to look for the gods with a tribute from the temple! My only wish is to serve them.." She looks to them and begs silently, Kaiti looks up to them and she looks back to the girl softly. "Uh..no. Don't you think that's harsh?" He looks shocked in disbelief at Kaiti's answer while Tulio and Miguel nod in agreement. "Yeah release her. Don't you think?" Tzekel-Kan drops her quickly and he bows to them and he grabs her pushing her off in the direction to the temple. "You will begin by returning this to it's rightful place." Chief Tannabok walks to them with caution. "My lords why chose now to come?" Tzekel-Kan scoffs grabbing his arm in anger pushing him away. "Enough! You do not question the gods!" Miguel steps up waving his arm in their faces. "That's right you do not question the gods unless we have to unleash the might of our awesome powers and you don't want that!" Tzekel-Kan walks up to them with a smirk making Kaiti back off a bit. "Of course we do!" "You do.." The boys shrink down as she gives them a glare. "Yes! Unleash your wrath on this non believer. Show them that your divinity and that you don't mess with the gods!!" Tulio grabs Miguel as he smiles. "Uh divinity!! Excuse us for a moment!" He drags him to the side as Kaiti follows them, Tzekel-Kan looks to the Chief and he raises his eyebrows watching them. They look to each other and she crosses her arms feeling her bag move a bit as Armo pokes his head out getting out beside her leg. "Okay smart guy what do we do now. They think we were gods." Tulio starts to pace a bit as he holds his head. "I don't know okay! We just need to stick to the plan." "Maybe a new plan Tulio? This isn't good, We should just come out and tell them we're not gods! Otherwise we'll face their wrath." "I know I'm thinking I'm thinking!!" Tulio and Miguel start to argue quietly making Kaiti roll her eyes and hold her head in aggravation, the ground starts to shake and the natives look seeing the volcano start to smoke. Kaiti grabs Miguel's shirt shaking him while Armo runs around their feet trying to catch a butterfly, He hits Tulio's head over and over making his headache stronger with all the noise. "Think think think!!" Tzekel-Kan tilts his head in confusion at the act and Kaiti looks around panicking as the noise is too much for Tulio as Altivo starts to neigh loudly. "STOP!!" Tulio yells his voice ringing around them making Armo grab Altivo's

leg hard, the volcano stops sucking the smoke in and it coughs loudly making their mouths open wide.

All goes quiet as the three turn around seeing the natives all bowing to them. Tulio and Miguel smile and they bask in the cheers and Kaiti sighs going with as she follows them picking Armo up in her arms, They walk past Acolyte as he raises up and Miguel looks to him. "Don't make me do it again. Because I can." He panics and gets back down on the ground. They walk up to Tzekel-Kan and Chief Tannabok as they raise up. "My lords let me show you to your temples." Miguel and Tulio smile to each other and they nod in excitement to the priest. "Temple huh? Sounds fancy!" Kaiti makes a face shaking her head and they walk up to the stairs. Tzekel-Kan walks to the chief and smirks. "Step aside.." Chief Tannabok shakes his head moving aside as he walks to Kaiti holding his hand out to her and she turns red shyly taking it. "Ladies first.." "Thank you Tzekel-Kan." They start to walk up the stairs in front of the boys and Miguel scowls watching Tzekel-Kan talk to her, Tulio notices his distain and he elbows him smiling. "Jealous Miguel? Ohh the high priest is making a move on Kaiti!" "What no! I just..it's nothing come on." After a long winded walk up the stairs Tulio and Miguel make it to the top tiredly with Kaiti and the others. Kaiti rests to the side as the boys perk up, Tzekel-kan opens the curtains and they walk in before he stops her gently. "Actually my lady I have a special temple just for you. I'll show you personally after i talk to the lords." Kaiti looks lost for a moment before he smiles and pats her head walking in with Cheif Tannabok. "What was that.." She shrugs gently listening in on them talking, Armo heads back into her bag as she hears them both mention a feast and some kind of tribute to which the boys agree to and she huffs wishing she was at least in the conversation. "Great my lords! We'll have it prepared for tonight!" Kaiti gasps and backs up to the stairs acting like she's waiting as they step out. They walk to her and Tzekel-Kan smiles. "Ready my lady?" "Sure! Can't wait to see." "Go ahead and get a start I'll be down in a minute." Kaiti nods starting down the long stairs by herself, Tzekel-Kan looks to Chief Tannabok with a smile "And so starts a new age. It's the beginning of the year of the Jaguar." He rolls his eyes and Tzekel-Kan looks to him. "Happy new year!" He laughs following Kaiti down the stairs with Chief Tannabok following behind not to happy. Miguel and Tulio smiles as they cheer. "Hey." "Hey hey! We get all the gold we want and they think we're gods!!" They cheer and both pose. "Miguel and Tulio!" "Tulio and Miguel!" "Mighty and powerful gods!" "Hello!" They both yell jumping on a chair as they see the girl laugh. "Uh who are you?" She hums putting a statues head up and Miguel puffs his chest up. "Back mortal, before we strike you with a lightning bolt! BEGONE!" He makes lightning noises as Tulio looks at him. "Miguel..Miguel we're caught." He deflates softly looking to her. "Save it for the High Priest, honey, you're gonna need it." "Yeah who are you and what do you want.." "Well Im Chel and I want in." "What!?" "Trust me you need me." The boys look to each other and they look to Chel. "We're listening."

Kaiti follows after Tzekel-Kan down the street's of El Dorado, she looks around the golden city enjoying the peace and quiet as the natives wave to her. "So why a seperate temple if you don't mind me asking?" He looks back to her as they turn a corner down a street. "It's not far my lady. I wanted you to have one closer to my temple so we could discuss some things."

"Oh? Like what?" "You will see in time trust me." They stop at the temple seeing how nice it looks and he smiles as they walk up the stairs, the sun making the air around them warm and inviting as they walk up. Making it to the top Tzekel-Kan opens the green curtain for Kaiti letting her go first, She nods to him and she walks into the cool room in awe at the beautiful setting he had set up for her. Tzekel-Kan walks in putting a hand on her shoulder as he shows her the room around them, there's a big fluffy bed resting in the corner along with a nice bath in the middle of the room. Fresh fruit and food lay waiting on the table as a balcony is seen along with a sky light. "Do you like it?" Kaiti gives Tzekel-Kan a tight hug startling him as he hugs back letting her go. "I love it! It's amazing Tzekel-Kan." "Anything for my- t-the goddess." He corrects himself softly watching her look around again, Kaiti walks to the balcony admiring the view hearing Tzekel-Kan walk beside her as she eyes him from the corner of her eyes. "You know Tzekel-Kan that party sounds like it's gonna be fun tonight." He rolls his eyes in distaste at the idea of a distraction of a party knowing no work will get done as usual. "I don't see how it is fun. They do this all the time. Its a nuisance.." "Aww come on I think it will be, why don't you come with me tonight. As a plus one?" He looks towards her and she smiles at him, it was the first time someone ever ask him to the parties but he couldn't help to crack a smile at her attempt of puppy eyes. "Pretty Please!!" "Normally I don't but for the goddess I will. But you need some traditional clothing for it." "Uhhh is what I'm wearing bad?" "No but i figure it be more welcoming to you." "Well that is sweet of you." She rubs her head watching him go over to the bed bringing a wrapped gift out. "I chose this specially for you. I'll head to my quarters to get ready and then come get you, get ready in the meantime. I do hope the tribute will be to your liking?" Kaiti nods walking to the bed looking to him, she picks the package up feeling the soft fabric under her fingers. "Of course Tzekel-Kan wouldn't miss it." "Good I will be back later when the moon rises for the party." He bows softly opening the curtains and he steps out as Kaiti looks to the fabric feeling Armo sit on her head as she is wondering what he chose for her, Tzekel-Kan smirks walking on down the stairs. "All according to plan. I hope this scarfice will be to their liking." He chuckles heading past the already setting sun towards his temple to get ready for the party.

A Party and A Tribute To Remember

Chapter Summary

So with a promise of a party Kaiti takes the chance to get to know Tzekel-Kan more and invites him to go with her as a plus one, they have a good night of dancing and drinking before the next day ends up with a tribute. Miguel and Tulio don't take it but Kaiti does to appease Tzekel-Kan and gets into a small situation she doesn't want to explain to the boys.

(Chapter has small sexual themes and blood)

Kaiti picks up the wrapped gift Tzekel-kan had left her and she slowly opens it blushing softly at what she sees. She picks up the dress he had left her admiring it, It was a beautiful dress putting your mind to with the colors of a Phoenix with some feathers on the sides and back and some jewelry to go with it. Kaiti starts to strip of her old clothes and puts the dress on loving the way it fits her form. She puts on a headband and heads to a mirror fixing herself up before she heads to the door seeing Tzekel-kan enter, he smiles eyeing her loving the ways she looks. "You look amazing Kaiti." "Thank you! I love the dress by the way. Are you ready to go?" He nods and holds his arm out for her and she wraps hers around it. They both head out and Kaiti looks at the Clear starry sky before they head down the stairs into the crowd, the music is loud and booming as excited talk and people are all around. Kaiti looks around for Tulio and Miguel noticing them feasting and dancing. She shakes her head with a smile and Tzekel-kan comes back with some drinks for them both. "Want to dance?" "I don't know. I don't think I can.." "Come on I'll show you." Kaiti takes a drink feeling the alcohol sting her throat but she gets Tzekel-kans hand and she laughs holding him close to her. They both start to dance and their movements are a bit awkward before they start getting into it, a mix of the drinks and dancing after a while leaves them both warm and tired before they both rest. Kaiti lays her head on his shoulder watching Miguel and Tulio dance with Chel. Blurry shapes was what she could see but she could tell they was having fun. "Thank you for doing this for me." Tzekel-kan looks to Kaiti softly petting her head. "It's no problem. I admit I'm having fun. Though it seems you had to much to drink." "Nah I'm fine!" She wraps her arms around his neck and he picks Kaiti up taking her back to her temple. Miguel looks over and he sighs watching the two leave, Tulio looks and he holds his shoulder. "Talk to her tomorrow buddy." "I will trust me."

"Come on let's get you in bed. We have a busy day tomorrow." "Come on can't we dance just a bit more?" Kaiti looks to Tzekel-kan as he looks down to her softly seeing her pleading eyes. "If I do one more will you sleep?" "I want a slow dance and yes I will." He sits her down and holds her steady wrapping a arm around her waist and holding the other, Kaiti softly leans her head into his chest as they quietly start to dance listening to the music down

below them. After a while Tzekel-kan feels soft breathing and sees Kaiti had fell asleep on him. He smiles picking her up and he sits her on the bed tucking her in gently, he rubs her head and walks out taking a deep breath feeling how warm his cheeks was. "How odd..a relationship seems to be forming between us. I wonder for how long though." He heads back to his own temple and the night goes on with the party and some of them rest. The next morning Kaiti awakens to Tulio and Miguel shaking her. "Kaiti wake up! You have to see this!!" She swats them tiredly grumbling and she holds Armo close to her snoozing again until a loud booming voice wakes them both up from their slumber. "Behold citizens as we pay tribute to the gods!!" "What the hell going on!?" "That tribute of Tzekel-kan's. Chel says its bad..." Kaiti steps out holding the armadillo close and shields her eyes seeing cheering crowds, she blinks in shock as Tzekel-kan turns to them smiling. "I see your awake goddess! For centuries we have been paying tribute with blood for the gods." A few natives bring a bag sitting it down before they walk off. Kaiti watches as Tzekel-kan unwraps the bag with magic and he raises a sickly looking man up from it, she narrows her eyes confused until he raises a weapon up. Both of the boys looked shocked as she does and they look to each other. "Miguel we have to do something!" He is about to strike when Tulio stops him and Miguel catches the man. "Stop! There will be no tribute!" "But..I thought it was what you wanted?" Miguel picks the guy up looking nervous. "No this isn't what we wanted because..uh..because. Tulio you tell him." "The stars aren't aligned!" Miguel drags the guy back as Tzekel-Kan looks up to the sky in confusion. "Stars, Can't do it, not tonight." Kaiti holds her face groaning Armo heading back into her bag as she softly watches Miguel trying to get the guy away, Tzekel-kan looks off and and he holds his hand together upset. "Prehaps I didn't read the heavens right.." Tulio puts his hand on his shoulder and he looks off seeing Miguel get the guy away. "Its okay perhaps there's another way." Chief Tannabok walks up to them with a smile. "Prehaps this works for you my lords?" A few native women start to bring some plates of golden items out to them and Miguel and Tulio drool nodding, Kaiti shakes her head not interested and she stands by the boys watching. "Yes.." "Should we send it to Xibalba?" They look to each other ignoring Chels pleads and they raise their arms. "To Xibalba!!" Chel hits her head and the women start to walk to them before they launch the gold over their heads into the roaring waters below them, the boys look distraught as they watch. "Chel..what are they doing." "What you said, Xibalba is sending it to the spirit world." Kaiti smiles and snickers. "Your the ones who said it boys." They glare to Kaiti before Chel walks over and whispers to the chief before He looks up and yells all around them. "STOP!!!" The girls stop and Tulio stops a plate from going over the edge. "They wish to bask in the tribute!! Take it to the temple!" Everyone starts to carry the gold off and the boys walk with Chel happily. "Hey nice job Chel." Kaiti looks to Tzekel-kan seeing his look and she follows after the boys, He looks down in anger clenching his fist. "Smile while you can..but I will have my way."

Sometime later Kaiti is with Tzekel-kan for something he wanted to do with her, He looks to her with excitement in his voice. "My goddess thank you for taking this tribute for me." "it's no problem Tzekel-kan. You did say this was different right." "Yes I promise." They walk inside of his temple as the sun starts to rise in the sky, Tzekel-Kan grabs the weapon looking around for some stuff. "I know we couldn't use the one i had planned but I did get another one." He brings out a tied up villager throwing the man to the ground as he squirms and cries out in pain, Kaiti gulps nervously as Tzekel-Kan drags the man to a empty pool laying him

down on his stomach. "What..is this tribute?" He grabs her hand gently leading her over to the man and he stands behind Kaiti getting the weapon ready. "As a god I know you need blood. So i figured it would help." "You mean..were going to sacrifice him!" Kaiti looks in disbelief as Tzekel-Kan puts the weapon in her hands and he makes her grip the handle with his hands resting on hers, they raise their arms up raising the sharp bladed knife above their heads. Kaiti sees the man look to her with tears and a pleading look in his eyes. "Tzekel-Kan I-I can't.. you promised we wouldn't do this." "Lady Kaiti I promise I will help you through this. Just a quick swing and it will be over soon, He even offered himself for this. Don't you trust me?" She looks ahead thinking and she slowly nods her head. "Good..relax and take a deep breath. It's our secret remember this." Kaiti closes her eyes listening to his voice shaking a bit as Tzekel-Kan smirks happy with her decision. Bringing the knife down with Kaiti a quick sharp movement in one go, a loud thud is heard as the knife hits the mans neck quickly the gag hiding his screams of pain and severing his head from his body. The head rolls to the side a quick gush of Blood sprays in all directions covering the floor and both Kaiti and Tzekel-Kan's face and arms.

Kaiti gasps her body jerking at the warm sticky liquid covering her skin, Tzekel-kan freezes feeling the friction of her hips jerking agasint his and he grips her hands tightly. A jolt of electricity goes up his body sending a tingling pleasure throughout. His breathing gets deeper his breaths coming out in puffs in the cool air, he opens his eyes slowly eyeing the blood covering Kaiti's body. He feels ashamed but at the same time he can't ignore the growing erection that's forming between his legs as the sight of the goddess being covered in the blood of his tribute. Kaiti drops the bloody knife and she looks at her arms in shock and feels sick to her stomach. "I..I killed him.." She tries to wipe the blood off her arms but ends up smudging it in the vain attempt, Tzekel-Kan grabs her arm making Kaiti look to him stopping in confusion before he pushes her agains't the wall roughly hearing her let a pained gasp out. "T-Tzekel-Kan what are you doing!?" He ignores her digging his nails into her soft flesh as she mewls in pain feeling them dig deep. He takes her bloody hand and brings it to his mouth looking up to make sure she's watching him, Tzekel-Kan slowly sticks one of her fingers into his mouth tasting the warm metallic substance. He closes his eyes letting out a deep growl as his tonuge slowly wraps around her finger licking the blood off. His tonuge goes up and down as saliva is running down her hand, Kaiti softly closes her eyes trying not to let out any noise and she bites her lip hard. "A-Ah.." Her breathy response sends a shiver down his spine and he lets go of her finger with a loud audible pop a saliva trail formed between her finger and his mouth. He licks his lips and he moves to the other fingers going even more slow taking his time to lick the blood clean. Kaiti starts to squirm as the new feeling is foreign to her, Tzekel-Kan feels his cock twitch softly with pre cum leaking from the tip running down the base of his shaft slowly dripping to his thighs coating them. The sin and the pain of the pleasure getting to him Tzekel-kan tried to keep his composure but it was hard with the small whimpers coming from Kaiti's mouth. He presses agasin't her and Kaiti turns red feeling his obvious erection now knowing what his strange behavior was about, She struggles and she gets her arm loose patting his head gently snapping him out of his trance. "M-Maybe I need to get changed Tzekel-kan. You know get ready to talk to Tulio and Miguel and they dont need to see the blood on me." He looks up to her and he let's her down backing up from her feeling guilty and even more ashamed. "I'm so sorry my goddess..I lost control of myself." "I-

Its fine we all get urges! I'll see you later I promise!" Kaiti rushes off outside and Tzekel-kan slides down the wall feeling his own sins creeping up on him. "I have to make it up to her.."

Dwindling Thoughts And A Guilty Priest

Chapter Summary

After the "tribute" Kaiti heads back to her temple to try and get cleaned up before the boys could see her, She can wash the blood away but she can't wash away the images of what she had done to the man. A calming talk with Miguel helps Kaiti feel relived and she calms her nerves down. Though Tzekel-Kan is feeling guilty and angry with himself for almost giving in to his desire of the Goddess, he comes up with a idea of a punishment and he learns of Miguel's liking towards what is his. Simple talks don't do much but in this case it has to be done with one idea Tzekel-Kan likes. A very rough and bloody game of Ollamalitzli. He knows he can get the other team to be rough as he wants and hurt Miguel and Tulio but it goes wrong when the anger gets taken out on Kaiti and she snaps back hurting Tzekel-Kan with her own strenght that shocks him and yet makes him want her more.

Kaiti rushes inside of her temple making sure no one was behind her, she closes the curtain behind her and she looks at herself seeing the dried blood smeared across her arms and hand saved for the one Tzekel-Kan cleaned. She shivers still remembering the feeling of his warm tonuge running around her hand and she shakes her head softly. "Don't get distacted Kaiti..I need a bath to get this blood off before Tulio and Miguel see it." She softly takes her clothes off wrapping them in a bag and pushes it in the corner away from sight, Kaiti takes a step towards the pool and she puts her foot in feeling the cool water. Getting into the water Kaiti sits down feeling a bit at ease as she leans back against the rocky wall and she looks around the room in silence. She begins to wash her arms watching the blood run off, the image of the man pleading and crying sticks to her mind as she closes her eyes. She didn't want to do it but with the way Tzekel-Kan convinced her she felt like she couldn't say no. She sinks deep in the water not noticing someone come in the temple next to her. "Kaiti?" Kaiti jumps hearing Miguel's voice and she covers herself turning around, Miguel shields his eyes trying to give her some privacy as he studders with a blush. "I-I was wondering if you wern't busy that we could talk?" "Oh? S-Sure! Uh..h-hang on a second." She gets up out of the water and steps out heading towards her bag getting dressed. "So what do you need to talk about?" Miguel uncovers his eyes seeing Kaiti had changed back into her old clothes that consisted of a short but nice looking shirt, a nice skirt Chel had gave her, and a pair of sandles, he walks to her and they both sit on the bed. "Well..what are we. I mean..are we good friends or more." Kaiti looks to Miguel a short dust of red coating her cheeks the two not noticing a shadow belonging to Tzekel-Kan appear behind the curtains. "Well..I know we're good friends. But I didn't know if you wanted more." Her shy toned voice reaches Tzekel-kan's ears and he stops listening to the other voice of Miguel's appear with hers, He grips the curtain tightly wondering why Lord Miguel was alone with Kaiti. He opens the curtain watching the two hug and talk happily with a angry glare.

"Oh no trust me I do like you Kaiti! I noticed though how close you and the high priest was and thought you liked each other." "Well he is sweet but I don't think he likes me Miguel, we are close though." "Then you don't mind if i do this?" Miguel holds her hand and he leans in towards Kaiti softly, she leans in towards him and Tzekel-kan snaps as he rips the curtain open walking in. "Lord Miguel Lady Kaiti what are you doing!?" Kaiti yelps falling back in the bed as Miguel gets up startled from the sudden outburst from the man. "Tzekel-Kan what the hell! You scared us!!" She holds her chest panting trying to relax, Miguel looks to Tzekel-Kan who walks up to them standing in between the two. "Gods shouldn't be together like this! It's sinful! Something that should not be done!" Kaiti raises up giving Tzekel-Kan a confused look noting the anger and disgust in his tone. "But this morning you was about to-" She was cut off quickly by him as he covers her mouth with both of his hands, Miguel walks over wondering what Kaiti was about to spill that made the High Priest so nervous. "What is going on Tzekel-Kan.." He raises up and straightens himself up as he turns around to Miguel. "Nothing my lord. But you shouldn't be alone with the goddess." Miguel crosses his arms with a glare at the native man who picks Kaiti up gently but has a hard grip on her hand behind his back. "Tell me what's your reason Tzekel-Kan?" He looks off from him and he tries to think as Kaiti moves her hand away from his grip, Tzekel-Kan sees some flowers in the corner of Kaiti's room and he gets a idea. "Well the goddess must be pure and not to be with others until she is married to the chief or higher tribal member of choice." Kaiti and Miguel both looked shocked at Tzekel-Kan and they look to each other. "Marriage!? You mean she'll be married to someone of your choice!" He nods softly opening an eye seeing Miguel hurt at his words, he smirks but he straightens up as he puts a hand on his shoulder. "I'm sorry my lord but it is our traditions. Go talk to Chief Tannabok and he will explain it to you while i explain some of it to Lady Kaiti." He looks to her and she gulps at the angry look he is giving her. Miguel nods to them with a sigh and he walks to the curtains looking to Kaiti, she watches him walk out as Tzekel-Kan gets in front of her. "My goddess you realize I'm going to have to punish you for such acts." He holds his hands together as he slowly circles around the young woman seeing her eyes follow his movements. "But seeing as how your innocent and don't know any better I will leave it as it is this time. I will see you later." Tzekel-Kan heads towards the curtains and he steps out leaving Kaiti to ponder on her thoughts alone. What was with him here lately, it seems like the Priest had grown a obsession with Kaiti. She rubs her head and gets up softly rummaging through her bag. "Armo I think something is going on..but I don't think it be a good idea to snoop just yet." The armadillo looks up from eating a apple letting out a squeak as he chews the fruit in agreement. "Well look at the library later but i may ask some villagers about our "Priest" and see what i can find." She attaches the bag to her hip and Armo lays back full making her laugh. "Okay you can stay little fella. I'll see you later." She heads out the curtains and walks down the stairs for her adventure.

Though Later on Kaiti is walking around the village getting some fresh air, she watches villagers having fun and doing their own things. She sighs to herself turning the corner seeing a lone ball on the ground. She tilts her head as she gets it and begins to bounce the ball, she smiles and she hits it with her hip seeing it bounce off the wall next to her. "Well this can pass time!" She picks it up again bouncing the red object not hearing footsteps approach her.

Tzekel-Kan walks up seeing the goddess playing with a ball as she awkwardly bounces it off her hips hearing her curse and groan. "I thought i had it right the first time.." He walks up and he catches the ball seeing her turn around suprised he's there, the priest walks to her and he bounces the ball in his hand. "My goddess there is a trick to doing this." "Oh really? Well then show me mr.Priest." She smiles crossing her arms and he coughs dropping the ball, he walks to Kaiti putting his hands on her hips feeling the woman tense a bit. "You have to use your hips.." His voice comes out in a whisper but you could hear the way he studders. Tzekel-Kan lowers his hands feeling her skirt move to the side exposing her skin, his hands softly rest on her bare hip and he feels how smooth and warm it is. "Use my hips for what.." She looks to him seeing his reddened cheeks and he looks to her brown orbs staring into her green ones. "You..you have to use your hips..hit the ball hard with them." He slowly grabs her and he moves her hips to the side showing the example he said, Kaiti shivers at his motion but listens to him as he moves her back. He slowly inches his fingers a bit lower wanting to explore her body but he stops and moves noting the people that would notice such sinful acts. "I hope I helped you learn my goddess?" Kaiti feels the goosebumps slowly edge away from the moment and she nods to him fixing her skirt. "Yes..thank you Tzekel-Kan.." He softly waves at her and he rushes off making Kaiti wonder if there's something to her theory after all.

A while later Kaiti is trying to focus on her task again, not much luck with natives hiding from her she sighs as she walks around. She head around a corner for a break when she hears laughter. She follows it seeing Miguel playing ball with kids and she smiles watching them, She leans back against the wall writing some things down in her notebook Miguel looks up noticing her. He walks up seeing her put the book in her bag and he grabs her hand taking the woman to the crowd as Kids watch them in awe. "Miguel what are you doing?" "We're gonna play some ball. What you afraid I'm going to beat you?" She scoffs as she watches him shuffle the ball in his hands. "What!? No! Pass me that ball and well see who has the last laugh." Miguel passes the ball to her as she laughs and plays with them. They was having fun as Kaiti kicks the ball and Miguel goes to chase it, He bumps into Tulio seeing his and Chel's angry look as they stare. "What are you doing!?" "Im having fun?" "Well change of plans we need to get out of here now!" "Why?" Kaiti sees Tzekel-Kan walk up and she shrinks back nervously. "Because that high priest is nuts!!" "This isn't how the gods should play ball!" "Yeah it's a disgrace!" Tulio agrees making Kaiti and Miguel look to each other and they are lead to a big field. "THIS IS HOW THE GODS PLAY BALL!" Tzekel-kan's voice booms out and the crowd cheers loudly around them, Kaiti looks around as Tulio glares to Miguel in anger. "I blame you!" He hisses to him making Miguel shrink down, Kaiti sighs as Tzekel-Kan walks up to them holding the ball as the ground shakes beneath them and a whole bunch of men runs up to them. "My lords I have the strongest team of men Chief Tannabok has. Eight strong humans verses you. I know the odds are a bit unfair but i have faith you two will beat them." He drops the ball with a smirk. "PLAY BALL!" Tzekel-Kan walks past them and he clenches his fist. "Destroy them." Walking over Tzekal-Kan Grabs Kaiti's arm softly and she looks to him, the other team runs back leaving Miguel and Tulio in the dust. "Come with me Lady Kaiti, your watching the game with us." "Wait watching? B-But i wanna play!" He gives her a stern look as he grips her arm with a chuckle. "A goddess such as yourself has no need to play such brute games. Your better off watching Lords Miguel and Tulio play." "But I can play!" "Come on the game is about to start." He holds her hand softly leading her towards

the stands, she looks back sadly and groans as she follows him as the two sit in the stand next to Chief Tannabok and Kaiti watches the boys with a nervous look on how this will go. The men charges towards the boys and they kick the ball towards them, they dodge and Kaiti does the same peeking from Tzekel-Kan's back. He looks in disbelief and he gets up. "Uh my lords, weren't you supposed to put the ball into play?" Tulio and Miguel look to each other softly looking back. "Ohhh!! Well..you see..that was..the first dodge manuver!" Tzekel-Kan rubs his chin nodding to himself looking back, Miguel pushes past Tulio with the ball. "Excuse me but who invented this game?" "Why the gods of course!" He stops realizing they sassed him and Kaiti lets out a loud snicker with Chief Tannabok trying to hold back her laughter at the remark, Tzekel-Kan looks to her raising a eyebrow and she straightens up still smiling. "Miguel don't push your luck with this guy!" "But Tulio, we're the gods!" They play the ball in and start to play the game, Kaiti fans herself watching the poor attempt of playing and she sighs softly. Not even one score for the dunder heads she calls her friends. A native brings some drinks for them and she takes one softly smiling. "Thank you!" She takes a sip of the drink feeling it cool her off and she taps her fingers noticing Chel talking to them, she tilts her head in confusion and Tzekel-Kan lays his hand on Kaiti's. "My goddess are you enjoying the view?" "I mean it's nice.." She shifts in her seat and they notice the ball go through the hoop, Kaiti gets up and she cheers loudly startling the men. "YEAH!! GO MIGUEL!!!" "HEY!" Tulio calls out as Kaiti smiles. "YOU TO TULIO!"

Tzekel-Kan scowls at her excitement and he looks one of the bigger natives nodding slowly, he nods back to him and gets in a position closer to Miguel. They set off again and kick the ball seperating on the field. Kaiti watches with anticipation as they make a few more goals, she cheers again and Miguel grabs the ball running off. He looks to her and smiles waving not paying attention to the closing in native who was charging him. He slams into Miguel with a nod from Tzekel-kan and slams the man into the stone wall with a heavy thud, a loud crack emits in the air and Miguel yells loudly in pain as he hits the ground tumbling to the side. Kaiti raises up from her seat in shock with Tzekel-Kan smirking at the carnage in front of him. She runs down the side of the stands and rushes down to the field pushing the others away as she goes to Miguel, She raises him up hearing him hiss as Tzekel-Kan follows in anger and disbelief on her sudden departure. "Miguel what's wrong!?" "I think I broke my leg on the impact.." Kaiti feels around his leg hearing a few cracks as she winces. "Yeah its fully broke.." Tzekel-Kan gets down from the stands as he is angry at what he is witnessing. "Lady Kaiti what do you think you are doing!? This game isn't for you! It's too dangerous for a goddess such as yourself." "I'm going to pretend I didn't hear that.." She growls out as she makes sure Miguel isn't in too much pain, Tulio and Chel rush up to their side trying to help the best they can. "Miguel are you okay!?" "I think so, this won't keep me down." He tries to lightly joke and looks off in pain as Kaiti lifts his leg up to elevate it, Tzekel-Kan grabs her arm trying to pull her up and she smacks his hand away roughly glaring to him. "He is fine he can help himself!" "Are you fucking kidding me right now! Miguel is hurt! We have to help him." Tzekel-Kan crosses his arms with a scowl seeing her wrap the mans leg up with Tulio's help. "With all due respect my goddess he can just heal himself if he wants.." His snarky tone reaches Kaiti's ears and she stops feeling something in her snap, she gets up feeling the anger finally spilling over at the priest. "What!? You know that is why I sometimes get angry with you! The snarky ass tone and your bad attitude." She grabs the ball gripping it tightly shaking in anger. "This game was your entire idea in the first place! You knew what could happen and

yet you let it happen!" Tzekel-Kan scoffs looking to the side. "As I said this is a brute game, the gods made it this way." "Oh gods this gods that! Can you shut up for five damn minutes about the gods! Or is that too much for that big mouth!" He leans in to Kaiti putting his hand on her trying to push the ball down. "Now Lady Kaiti calm down. This isn't how you should act." "You know What Tzekel-Kan. Fuck you and fuck what others think how a woman should act!!" She narrows her eyes smacking his hands away roughly again, she feels tears sting her eyes and she clenches the ball as she throws it as hard as she can towards Tzekel-Kan; his eyes widen at the goddess who's movement was fast and the ball hits his face with a hard thud sending him to the ground making dirt rise up around them. Everyone gasps and he raises up slowly his nose gushing blood everywhere. "L-Lady Kaiti..you..hit me." He holds his nose and looks to Kaiti with a pained look in his eyes, she picks Miguel up and she looks away hiding the tears that stained her cheeks. Tzekel-Kan while holding his nose looks up and his eyes widen as he sees a cut on Miguel start to bleed, He shakes his head and he realizes the situation. "Don't even speak to me for a while Tzekel-Kan, I don't want to see you." "As the gods wish.." Tzekel-Kan murmurs with a slight smirk as she turns around walking off with them leaving him there as everyone else leaves murmuring. He gets up leaning over watching the blood drip into the dirt below him as he pants. "Well well..looks like I was right about them. I'm sure the plans I have will lighten this situation up." He raises up and he heads off towards his temple feeling his head hurt from the blow but with deep satisfaction as what he has planned ahead.

Trust Me, I'm Your Priest (1-1)

Chapter Summary

With The game done and over with Kaiti had Tulio get Miguel to bed with some rest hopefully figuring a way out to fix his leg quickly, however she notices Tzekel-Kan hasn't came out in hours from his temple. She knew she let her temper get to the best of her but feels bad for hurting the high priest. Kaiti gathers some things to give him and goes to see if he's there. Tzekel-Kan didn't know Kaiti was gonna lose her temper, she'd shown she was passive but he never knew she had it in her to harm him. He liked the fire and anger she had in her, he could make use of it. He was busy with his bruised nose and notices his curtain open seeing a guilty Kaiti walk in not making eye contact. So she tries to shower and pamper him which brings a slow smile to his face but he shows her his true feelings when he admits he knows their secret of being fake gods and he wants more of her with a plan of his.

(So warning, this chapter has forced sexual situations in it. "Ow easy! That does hurt you know." "Well excuse me but your the one who was showing off! We almost had it until you did that, why the hell was you doing that anyway!?" Miguel shrugs as he looks off, he didn't want to say it was for Kaiti. "I just wanted to okay... A- Anyways Kaiti you been awfully quiet what's up?" The woman looks up towards them and she shifts in her seat. "Just thinking about what happened at the game is all." Tulio starts to laugh laying back on the bed with Chel. "That was amazing what you did! He didn't know you was gonna sock it to him with the ball!" Kaiti looks off a bit feeling guilt well up inside of her, she likes the priest she'll admit it but he did get to her. She is worried though, they been lucky so far with no one seeing through their ruse of being fake gods. "You notice Tzekel-Kan hasn't came out in hours anyway?" "Yeah that is weird..." Miguel says as he raises up, Kaiti looks out the curtains seeing a green glow coming from the priest's temple. Maybe she should get a few things a apologize to him. It be the right thing to do after all, Kaiti gets with a sigh and she looks to the boys. "I'll see you boys later. I need to do a few things." "Don't be out to late Kaiti!" "Oh I won't trust me." She waves to them and the boys wave back to her as she heads down the stairs. Miguel looks to Tulio and he groans. "She's gonna go see the priest.." "Mhmm there's that jealousy again. I figured you'd be sastified with all the pampering you got from her." "I am not jealous! I just think he's a weirdo is all. He's up to something anyway." "Yeah I do agree with that." They look towards the temple seeing the glow get brighter, Kaiti grabs a basket as she gets a few things to put in it, she figured maybe a bit of pampering and praising him would make the priest warm back up to her again. She raises up and sees Armo sleeping soundly beside a empty bowl of fruit making

her hold her hip. "Oh Armo..you had to gorge yourself on fruit. Oh well sleep tight little buddy." She heads out of her temple and she starts her walk towards the ominous looking Temple ahead of her.

Tzekel-Kan was softly looking at his bruised and red nose noting how it was broke, he grunts a growl of pain as he pops it back into place feeling the pain dull and he breathes a bit. The pain was still there but better than what it was although nothing a healing spell couldn't fix. He didn't think his goddess would end up hurting him but she surprised him with the strength he didn't know she had, he lets out a chuckle as he eyes the blood drops that covered his stone floor. Kaiti has a fire that burns deep inside of her. Tzekel-Kan could put that to good use if he wanted, although he knows she's angry with him now she'll come around with the new plan he is forming. Kaiti makes it to the top of the stairs and she peeks through the curtains watching Tzekel-Kan mumble to himself about something. She raises up straightening her clothes up and she opens the curtains walking in, the soft padding of her feet catches his attention and he turns around seeing Kaiti not making eye contact with him as she is holding a basket of things things. He raises up crossing his arms as he tries to hide the smirk that is rising to his lips. "I thought you didn't want to see me my goddess.." She flinches at his tone and she looks off softly, she knew this was a bad idea but she's gonna try it anyway. "My priest..I am so sorry for what i did." She softly walks to Tzekel-Kan and he looks surprised as she gets on her knees looking to him. "I came to apologize and to give you the attention you deserve. After all you have been very helpful to us these past few days." She looks into his eyes and tries to read the emotion in them as he lowers himself looking to her, Kaiti feels him hold her cheek rubbing it with one thumb making her want to shiver. "...I'll allow it." Kaiti watches him raise up as he makes his way to the bed sitting down on it. She watches his posture as he crosses his legs staring at her, he softly motions to her with a flick of his hand and she gets up walking to him. Kaiti softly sits beside the man and he looks to her as softly rumages through the basket. "Would you mind taking your poncho off please?" Tzekel-Kan looks to her but he obeys as he slowly takes the article of clothing off revealing his body as he appears to have a strong yet medium sized muscular build, Kaiti hides the blush creeping up on her cheeks as she grabs a bottle from the wooden basket. She squirts some lotion in her hands and she rubs them together warming the liquid up. "This may feel a bit cold at first." He nods to her feeling her hands begin to rub and massage his shoulders, Tzekel-Kan shivers at the odd feeling of her soft hands rubbing at him. Kaiti feels the way his shoulders are built with every rub she does. The feeling of old scars litter around makes her wonder what he did to get them, after a few minutes Tzekel-Kan finally relaxes slumping down his shoulders and he lets out a soft sigh of pleasure as she gets the knots out of his back. She goes lower putting pressure into his lower back and he leans forward on the bed as she gets on his hips. "Don't be afraid to get a bit rougher my goddess.." He turns to her with a slight smirk as his bangs fall in front of his eyes, Kaiti's eyes widen as the blush comes back and he lays down again on his arms waiting on her to continue. She starts to massage again pressing a bit harder hearing a few pops feeling him shudder underneath her shifting a bit as he grips the covers softly. Kaiti swallows the lump in her throat as she presses harder pressing up and Tzekel-Kan lets out a soft strangled moan as he bites the cover in pleasure.

Kaiti stops massaging him and she shivers hard at the moan she heard from him, Tzekel-Kan feels she had stopped and he looks to her wiping the bit of drool on his chin. "Why..did you stop my goddess.." "I um..think that's enough for now and.." She trails off seeing him face her with a heavy blush on his face, his bangs fully hide his eyes masking the look he was giving her. "You said you was wanting to do anything i wanted..correct.." She gulps but nods slowly as he wraps his legs around her bringing Kaiti into his chest. "Then do as I say my Goddess." Kaiti puts her hands on his chest as she looks down at the short curt answer he gave her, she got herself into this might as well try to go along with him. "Okay my priest you win, your goddess is here to serve you." A slow smirk forms on his lips and he holds her chin seeing her look. "I wouldn't try anything Kaiti..I know your secret." She moves his hand and she looks to him. "What do you mean..what secret." "I saw lord Miguel. He was bleeding." "And?" He gets up walking towards his bookshelf. "Gods.don't.bleed." He hisses out as a green glow appears around them, Kaiti shrinks down realizing Tzekel-Kan knew their cover was blown. "I-I can explain!!" She studders out as he turns to her fully seeing the fear in her eyes. "I ain't mad at you my dear. But you know i can expose you at any time.." She gets up walking over towards him. "You can't do that! We wern't trying to hurt anyone!" He chuckles softly petting her head as his hands glow, Tzekel-Kan pushes Kaiti back onto the bed as he smirks. "Well it will go like this Kaiti..I have a deal for you. As long as you do as I say and be mine I won't say a word about Miguel and Tulio." Kaiti gives a short glare as she shifts in the bed seeing him watch her. "And If I don't.." Tzekel-kan chuckles as he starts to walk to the pool. "Well my dear.." He smiles as his voice comes out in a deep tone.

**"Looking back it makes me shiver
Don't be scared to kick the past
Selling lovers down the river
Nothing built for speed will last overnight."**

Kaiti's eyes widen as he looks to her his voice reaching to her ears filling them with the song, she tries to back up but the priest grabs her bringing her in his arms. She struggles a bit squirming and his grip tightens on her making her quit from the pain of his nails digging in. Kaiti didn't know what to do but she knew to play it cool if she didn't want the boys hurt. She knew he could be serious about his promises

**"All those years of desolation
Pretty boys and damage done
Not the way to find salvation
Looking after number one."**

Kaiti looks at Tzekel-Kan in disgust as he starts to dance with her. "Uh hello this is serious!!" She tries to cut in but he shushes her with a finger making her glare at him again, he loves his dear "goddess" but she needs to learn to keep quiet when he is speaking. "Hush now my dear and listen to my song, you will soon learn it means more than it sounds." He puts his hands on her hips and Kaiti looks off to the side as she groans. Tzekel-Kan eyes her clothes in distain at them hiding her body from him, He grabs her shirt and he rips it off revealing her breasts. She covers herself with a glare and a heavy blush. "Hey what the hell was that for!?" He chuckles and he grabs her arms moving them to the side. "I like to see

what is mine Kaiti.." He softly licks his lips with a purr eyeing her as she looks off avoiding his hungry gaze.

**"Trust me
Try rolling with the flow
Trust me
I've been there don't you know
I'm giving you a chance, so take it
I got all you want, you'll make it
Standing there in front of me, you're naked
You can't hide a thing, you've got no choice
Trust me."**

He gets close in her face and she softly looks in his eyes as she brings her closer to him, he slowly pulls her skirt down letting the cloth fall to the floor as she shivers feeling the cool wind. "Let me show you how much I feel for you my goddess.." He purrs out as Kaiti gives him a blushing glare. She didn't like were this was going, she knows her feelings for the priest but she knew this was wrong at the same time. Tzekel-Kan runs his hand down her thigh ever so slowly feeling the goosebumps rush upon on her skin as she gulps softly.

**"Too many years your heart has wandered
Scared to make a final move
Too many nights those boys have squandered
You got nothing left to prove."**

His deep voice rung in her ears softly as she softly feels him edge up more slowly to the heat of her core, his long slender fingers slowly tracing the line of her underwear. Kaiti was more of a free type of woman and didn't really wore a corset. She went with more modern clothes that suited her tastes. Feeling the soft fabric under his fingers Tzekel-Kan gets aggravated at how it's blocking his treasure and he grabs her underwear ripping the fabric off hearing her gasp as she shivers from the sudden action. "H-Hey now that's something not to be messed with!!" She gets out as he pulls her into a rough kiss, Kaiti freezes at the action and she closes her eyes slowly kissing him back feeling the smirk come back onto his lips. He pulls back from her and she softly takes a deep breathing tasting him on her lips. "My my seems you wanted that kiss, after all you been fighting me very hard these last few days. And let's just say I get what I want Kaiti.." He leans into her the green glow coming back to his eyes again making her look to him.

**"I'm giving you a chance, so take it
I got all you want, you'll make it
Standing there in front of me, butt naked
You can't hide a thing, you've got no choice
Trust Me
Trust Me
Trust Me
Trust Me
Trust Me.."**

His voice softly trails off as he sings to her seeing her almost buckle underneath him, she's slowly losing the fight in her but she's being the stubborn girl he likes. "Relax my goddess..let me take care off you." He grabs her chin roughly forcing her to look at him. "Look into my eyes Kaiti.." His voice comes out softly, Kaiti fights him but his iron grip was too much for the poor girl. The soft glow of the green makes her stop and she starts to stare into them. "That's right..keep looking. I know you want me my goddess, i can see it with the way you look at me. The way you eye my body, the touches that linger. I'm giving you everything tonight so take this chance.." His voice echoes in the back of her mind as her eyes glow more of green color. "You can't fight me Kaiti.." "I..I.." She tries to break the hypnotizing of the spell but she can't help to feel the warmth and lust build within her, she knew she couldn't fight it no more. She wanted Tzekel-Kan, the feeling of him wanting her was too much for the woman. "What do you say now Kaiti." "I want you my Priest." The words he's been wanting to hear for a long while. He shivers at her tone and he holds her shoulder with a tight grip. "Good my goddess, I'm going to treat you well tonight.." He picks her up in his arms feeling her bare skin against his, he finally gets to have the goddess he wants even if she isn't the real deal. He sits her on the bed and Kaiti waits like the obedient dog she is as he goes to his shelves to grab a few things. He reaches for some things and he gazes at a cloth grabbing it, he carries the items in his arms and he walks to her. "Are you ready my goddess? Because this will be a rough night." Kaiti starts to nod and she looks to Tzekel-kan, she wanted to do anything her priest wants. Anything his heart desires.

Author's Note And Discussion

Chapter Summary

Just some things I need to discuss about the story and maybe a future part 2 when this one is done!

Hey guys! I know your waiting for the small smutt chapter (Don't worry it's almost done!) but i needed some opinions and talk about a few things I have planned, So with this story I'm not going with cannon. I wanted to actually save Tezekel-Kan! So i was planning that and mayyybe a kid. Would you guys like to have them have a kid and stuff, i wanted this to be a sortah redemption like story and let the poor man be happy for once. That and plans for the two and for Kaiti to stay in the city and some her and Miguel stuff. I was wanting a multi ship with her Miguel and Tzekel-Kan and thinking on how to include it, maybe some ideas on how he could keep her from telling the boys what's going on and how she and Miguel can explore their relationship. Im open for discussion!!

Trust Me, I'm Your Priest (1-2)

Chapter Summary

Kaiti is in deep trouble as she had gave in to her temptations of the Priest Tzekel-Kan, she didn't think she would get in to deep but she was suprised as he had her in his trap. With a light hypnotize spell Kaiti was all his now. To do anything he wants and to be his, he could do his darkest fantasy and take what was his. But he only wants to give her a taste of what he wants and it will leave Kaiti wanting more of him until she can't take it no more.

(Warning:Again this chapter has forced sexual situations in it. It has blowjobs, light sexual hypnotizing, Blindfolds, wax play, Orgasm Denial, Worshiping and praise kink.)

Kaiti lays down back on the bed as she feels Tzekel-kan get in beside her, She wonders what he had brought over before he hands her the cloth. "What's this for my priest?" "I want you to put it around your eyes Kaiti and lay down on your back for me." She gives him a soft nod and she ties the cloth around her eyes before laying back for him, she shifts on the soft covers feeling the bed move again as Tzekel-Kan raises up laying back on the pillows getting comfortable. "Come here my dear." Kaiti softly crawls to him feeling Tzekel-Kan put her between his thighs a light blush dusting her cheeks. "What do you want me to do my Priest.." He smirks running his fingers through her hair forcing the girl to his growing erection. "Worship my dear. I want you to worship my cock, i feel it would do you some good to show me how much you want this." She looks to him but she obeys without question as she slowly takes his loin cloth down and off discarding the clothing to the corner feeling precum already leaking from the top of his cock. Kaiti slowly wraps her hands around his hardening length hearing him let out a slight hiss at the new feeling of her hands begining to massage slowly and sensually, the woman couldn't help to blush at the size of his cock noting he could be a good 7 or 8 inches to her yet he was well groomed as her hand reaches down towards the bottom of his length. "That's it my goddess. Y-Your doing so good." Tzekel-Kan says softly keeping him shaking legs steady biting his lip noting as she stops feeling the peircings on the tip of his cock and she blushes again feeling the cool metal between her fingers. "My priest you have peircings." "Is that a problem.." He frowns thinking the spell was wearing off until she shakes her head quickly. "N-No! I like them, I just didn't think you do that kind of stuff." "My dear you will see a new side of me in no time. Now continue otherwise I'll make sure you'll be punished." He lays back on the pillows pushing her head to him again and she blushes more feeling the tip touching her lips, she feels him twitch in her hands and she opens her mouth taking the tip of his cock in first feeling the peircings hit her tounge as she looks up to him softly. "Good girl..keep going until I say to stop." She takes him in deeper into her mouth his length resting on her tounge until she feels him hit the back of her throat and she gags breathing through her nose blinking away tears hearing his soft groan of pleasure. "Good my goddess..very good." He rests his hand on her head running his fingers

through her hair and she grips part of his cock she couldn't fit in her mouth and begins to stroke him as she licks and sucks the tip running her tongue over the cool metal of the piercings. Tzekel-Kan keeps himself steady from bucking his hips and he breathes deeply groaning in pleasure again at her soft licks. "Focus more on being slow Kaiti..you don't want me to cum early do you princess." She shakes her head softly letting him go with a pop panting a bit. "N-No my priest. I'll go slower."

She grabs ahold of his cock again this time pumping slowly as she runs her tongue along the length of his shaft purring at his soft moans. Feeling him twitch in her hands she starts to suck the tip again and Tzekel-Kan growls growing impatient. "F-Forgive me for this my dear.." He holds her head suddenly and Kaiti feels him thrust into her mouth with a deep groan starting to face fuck her, she slowly gags at the feeling breathing slow again as not to mess him up as he picks his pace up. "G-God I'm going to cum soon. Y-You'd like that wouldn't you. Me cumming on that pretty face of yours. Or maybe you'd like to swallow my seed my goddess. That sounds a lot better.." He purrs in delight as he brings her fully down to his cock her nose touching his stomach as he growls loudly picking up a brutal pace before he shakes his balls clenching as he finally shoots his warm sticky seed down her throat. "Swallow it all." He hisses to her yanking her by her hair hearing her groan softly before she gulps swallowing the best she can as some cum leaks from her lips dripping to the floor. Her throat stings and burns and she is blinking away tears not seeing Tzekel-Kan smirking at the mess she's in. "Good girl Kaiti, that deserves a reward for pleasing your priest." He picks her up gently seeing her red knees knowing she'll be sore in the morning for leaning on the floor like that although he likes it knowing what the marks are from. He sets on the bed softly leaning into the pillows as he places Kaiti on his lap spreading her thighs a bit rubbing her ass in circles. "I want you to count for me, you can manage that can't you dear." His condescending tone makes Kaiti gulp feeling the heat pool at her cunt knowing how wet she is right now. "I-I can manage a few numbers Tzkel-Ka-" Before her words were finished a loud smack is heard from the contact of Tzekel-Kan's hand and she lets out a loud yelp feeling her ass sting from the red mark. "Starting counting My goddess." "F-Fuck wait I'm not.." Another smack makes her yell again but this time in pleasure as she hears his low chuckle. "Seems you like this don't you." She whimpers softly feeling him rub the spot making her rub her thighs together for some friction to help with the pleasure, he stops her spreading them apart again watching her wetness pool onto his legs. "Come on. Just count for me sweetheart." Kaiti takes a deep breath as another smack comes. "O-One.." She groans out meekly to herself. "Louder." Smack. "A-Ah!! One!" She yells again gripping the bedsheets in pain and pleasure. Smack! "Two! O-Oh God Tzekel-Kan please!!" He tsks slowly rubbing the marks he left. "Just a few more to go Kaiti. I promise the reward will be worth it." Worth it for himself honestly, he couldn't wait to taste his goddess and it's apparent how much she wants it as now his legs are completely soaked from the spankings she was getting. He smacks her ass again watching it jiggle and he smirks hearing her cry out in pleasure her knuckles now a ghost white thanks to how tight she's gripping the covers. "Three!!" "Almost there.." He gently tells her trying to soothe the woman as he rubs her now stinging ass softly, he gives one last good smack for measure and Kaiti lets out a loud and strangled moan out as she buries her face in his bicep softly. "F-FOUR!!" She cries now falling a bit in his arm panting like a wild dog feeling him kiss the marks. "Goodjob sweetheart.." He murmurs to her in between kisses seeing how much she grabs his arm in pain. "I promise to get some medicine to rub on that. Now lets get you that reward I promised."

Kaiti nods weakly to him and he sets her back on the pillows in his spot as he gets up, the priest walks to his table grabbing a candle and some matches before he walks back to her softly. "Have you ever had wax dripped on you my goddess." "Well..yeah a few times. I-I write letters a lot and accidents happen." She trails off a bit confused before she realizes softly. "You don't mind it then." "N-No my priest. Go ahead." He lights the candle up with a flick of the match and Kaiti smells the smoke relaxing a bit hearing him set the candle beside her on the table. Tzekel-Kan softly removes the blindfold from her head seeing her blink her eyes a few times trying to adjust back to the candle lit room seeing her squint towards him. Kaiti blinks away the blur seeing Tzekel-Kan above her with a deep love showing in his eyes although his cheeks was flushed complimenting his sun kissed tanned skin, it was comforting seeing the man hold love for her after only being there for a few days. "I wanted to see your emotions as I do this. I want to see everything your eyes hold. The love and tears you have for me Kaiti." He comments softly grabbing her hips gently in his rather large hands, Kaiti runs her fingers along his messy albet now down black hair that shines in the moonlight. He leans into her touch letting a soft deep sigh closing his eyes before he gets ahold of her hands gently kissing them before he heads down to her entrance blowing soft cool air into her. She gaps softly biting her lip at the new feeling and she lays back giving him some more room between her legs, Tzekel-Kan dips in between her folds licking up into her hearing Kaiti let out a soft moan her legs wrapping around him although she winces forgetting about how sore she was. He watches her flicking his tounge being gentle as he could slowly eating her out. The man enjoys the taste noting she had been eating a lot of fruit since she had been there, it's like heaven to him and he presses into her more feeling her tangle her fingers into his hair closing her eyes in pure pleasure "T-Tzekel-Kan!!" She breathesly moans feeling the knott inside of her start to tighten up in her belly. The woman starts to ride his tounge along his movements and he growls deeply feeling her tug his hair a bit to roughly. He lets go of her cunt with a pop and Kaiti whines wondering why he had stopped. "M-My priest please I-I was about to cum!!" "You won't until I tell you so. Understand." He pulls her into his lap again grabbing the now melting candle from his table, Kaiti takes notice how it was a green color as he brings it close to them. He starts to rub her clit in small circles earning a moan from the girl again holding the candle over her body. Small green drops drip onto her skin making a light hissing noise before they dry quickly and Kaiti whimpers in light pain again. "Beg me for your release Kaiti..who is your priest." "Y-You are!" "Who owns you!" "Tzekel-Kan!" "Who gets to fuck you!" "Y-You do Tzekel-Kan!!" She cries out feeling the knott come back as his fingers get faster while more wax is spilled upon her breasts and stomach. Kaiti brings him into a rough kiss and she whimpers into his lips. "I-I love you Tzekel-Kan! Your the only man I want and only want you to pleasure me!! F-Fuck please finish your goddess make her cum!" She has fresh tears running down her cheeks and he blows the candle out roughly slamming it onto the table before he flips her onto her back diving right back into her cunt. "Only I am allowed to taste and have you! Do you understand me!" "G-God yes!" Kaiti cries out again and he roughly eats her out as he rubs her clit. Kaiti is squirming by now and she closes her eyes tightly before she stiffens up feeling a hard orgasm rock her body. She cums roughly all over Tzekel-Kan's tounge and into his mouth as he greedily licks it all up finally feeling her stop and fall back into the bed breathing deeply.

He raises up wiping his mouth off before he climbs in the bed beside her exhausted before he pulls her into his arms softly, Kaiti looks up to the man happy as she nuzzles under his chin interlocking her fingers into his before she feels him cover them both up. The warm air now turned cool Kaiti feels her heart slow down all was quiet around them. "Tzekel-Kan."

"Hmm.." He says tiredly looking down at her with soft tired eyes. "I love you.." "I love you to Kaiti." "Promise you won't hurt anyone." He kisses her forehead bringing her to his chest and he rubs her back softly. "I promise sweet one.." "Good..can we stay in bed in the morning I don't think I'm gonna be able to do anything tomorrow." She chuckles with him rubbing his chest. "Im sure Chief Tannabok won't mind it..well talk more in the morning." "Okay g'night love." "Goodnight Kaiti." She lets out a yawn closing her eyes and Tzekel-Kan Follows suit feeling sleep overtake him shortly after.

I Stand Alone..

Chapter Summary

After Kaiti's rough night with Tzekel-kan he has a nice promise of a relaxing day that keeps the two in bed and pampering comes their way. Though later Miguel is distraught when he finds out about their night from Tzekel-kan showing that he is in control of what they do and he isn't afraid to mess anything up if it calls for it. Although he don't tell Kaiti he knows the woman will listen to him and obey him if it comes to it, though her and Miguel start drift apart and fight more after it and it makes Kaiti realize she does need the priest and she makes her mind up to stay with him which hurts Miguel more. They go their seperate ways much to Tzekel-Kans delight and it won't much for his next plan. (Im sorry I didn't want to spoil it but yes he's going to marry her! It's part of his big plan to take over.)

The sun rises high in the sky above El Dorado, the warmth sneaks into a temple and a body shifts under the covers softly. Kaiti raises her head with a tired yawn as she tries to hide in Tzekel-Kans chest earning a soft groan from him as he wraps a arm around her softly. "Morning my goddess.." His tired voice comes out raspy but deep nevertheless to her and she opens her eyes softly looking to him with tired green orbs. "Morning Tzekel-Kan." Kaiti nuzzles into the mans chest as she yawns and stretches softly, it been a nice morning with nothing to bother them. Kaiti rubs her eyes before she focuses back on Tzekel-Kan seeing him trying not to drift back off to sleep which makes her smile softly. She softly rubs his cheek hearing him sigh softly before he opens one eye. "Let's do something before we drift off again, I think you promised me some pampering hmm." She teases lightly before she runs her finger down his chest, Tzekel-kan shivers at the action before he grabs her hand kissing it. "Of course my Goddess. Im a man of my word." He raises up moving the covers as Kaiti stares at his body, who knew he had feelings for her like this. Then again his behavior told it all even if it was hard for him. She smiles reaching up giving his ass a pinch before he freezes in place. "My goodness Kaiti it's like your trying to tempt me back into bed." "Who me! You know me better than that." She smiles as he heads over to a shelf to grab a few things. "So how do you feel this morning." "Well a bit sore from being on my knees last night and my ass could be better." Tzekel-kan gives her a apolgetic look as he walks over with some lotions and fruits. "Im sorry dear, i didn't mean to be so rough with you last night." Kaiti softly backs up as Tzekel-kan dips back into bed with her setting the woman between his legs as he grabs the lotion, he squirts it into his hands before he lifts one of her legs up seeing how red her knee was. He gives it a kiss before he starts to rub the lotion on it hearing her sigh gently. "How does that feel." "Much better thank you." She lays back agasin't his chest feeling him switch to the other knee before he lays his head on hers. "Want to switch now my dear." "Yeah I don't mind." Kaiti gets up before she lays on her stomach hearing the bed shift as she moves, Tzekel-kan gets above her before he looks seeing how red and sore her ass looked with the handprints he left on her. In a twisted way hes proud he did that to her. He squirts the

lotion on her before she hisses from the coldness of it and he starts to gently rub it in feeling her groan softly before she relaxes. The man reaches a grape over to her before she takes it and eats it softly. "Thank you~" She purrs as she snacks on the fruit with him.

Footsteps echo up the stone stairs as Miguel was walking up them, Kaiti didn't come back last night and he was worried. Though he gets a feeling Tzekel-kan had something to do with it. He stops at the curtains hearing soft moans as he leans in listening. "Sorry was that to rough my goddess." "N-No its just still sore is all." "Well I figured next time I can take it more slow for you." "That be nice thank you." Miguel scoffs at what their talking about before he pulls the curtains back his eyes widen at the sight, still naked Tzekel Kaiti had Kaiti bent over softly still massaging her ass though his fingers was lightly brushing agasint her cunt to distract her from the pain, Kaiti is happily hugging his thigh with her eyes close. They both stop hearing a loud gasp before they scramble seeing Miguel looking at them with wide doe eyes. "W-What are you two doing!!" "M-Miguel!!" Kaiti says as she grabs the cover trying to cover herself up before Tzekel-Kan shields her from Miguel's eyes with a glare he sends his way. "Why are you here Lord Miguel.." "I could ask Kaiti the same thing, she was supposed to talk to you not give herself up to you!" Kaiti scoffs as she holds Tzekel-kan's arm. "Excuse you! It's none of your damn buisness what i do with him!" "Yeah because you just give yourself to anyone who'll take you right. Was that the plan with me." He says as throws his hands in the air, Kaiti looks hurt at his words. "I didn't just "Give" myself up to him! I thank you to understand that i like Tzekel-kan, he's been nothing but sweet and dosen't deserve what you been giving him." "Oh and what about his Sacrifices, hes been trying to kill people from the begining! You was agasin't them wasn't you!" "Yeah but It dosen't mean you can treat him like this! Fuck Miguel i thought you understood me." "I did until you threw me to the side for him!" "Miguel I didn't even know you liked me in the first place, I though you was trying to be friendly!" "We almost kissed! Did it not mean anything." "Yeah because I don't like you!!" She growls to him throwing her shirt on to make sure shes covered up, she walks over to Miguel before she pokes his chest. "Well then i guess you won't like the fact that Tzekel-kan is using you. Did you give him your virginity!" "That's none of you damn buisness if i did!" "Look at the facts Kaiti, he don't love you! i bet as soon as this year of the jaguar thing is done he'll throw you to the side and leave you. And i'm not gonna be around to comfort you because your to stupid to even see who really loves you!!" A loud slap is heard as Tzekel-kan's eyes widen at the scene he just saw, Kaiti has tears as she had slapped Miguel pretty hard leaving a red mark on his for all to see. He holds his cheek giving Kaiti a teary eyed look. "K-Kaiti.." "If that's what you really think then leave Miguel, I happen to love Tzkel-kan and he loves me! I thought I could trust you but now i see you was nothing but jealous and showed your true side. Get the hell out of my face and never speak to me again!" She pants as she covers her face feeling two arms wrap around her. Tzkel-Kan is glaring to Miguel as he shields Kaiti. "I think you should leave Lord Miguel. You overstayed your welcome.." Miguel takes a deep breath but he turns letting the tears fall finally and he walks down the stairs before he hears the sound of the curtains moving and Tzekel-kan looking to him.

"Thank you for making my job easier lord Miguel, as it is for your best interest i suggest you stay away from Lady Kaiti. She has had enough heartbreak from you..I suggest you stay away as I can take so much more from you.." He gives him a smirk while he disappears inside his eyes glowing green fading, Miguel rushes down the stairs as his heart is in pain. Tzekel-kan sits by Kaiti as he heads back in and he brings her into a hug comforting her. "Shhh shhh it's okay Kaiti..you know the truth now yes." Kaiti sniffles wiping her tears as she holds him. "Im sorry I didn't believe you.." Tzekel-kan smirks as he can finally bring out his big plan, Kaiti watches confused as Tzekel-kan softly holds her hand close. "My goddess..i feel like this is the best time I can tell you. But..I want to wed you." "W-Wed.." Kaiti says in shock seeing him bring out a small golden ring with a emerald in it green as a snakes scales. "Yes..please. I want you to be my bride." Kaiti covers her mouth but she nods hugging him tight. "Yes Tzekel-kan i will!!" She cries out before he kisses her sliding the ring onto her finger slowly, all apart of his plans. Tulio raises up hearing the sudden sound of the curtains before he sees a distraught Miguel. "Woah Miguel what happened." "Kaiti and Tzekel-kan they.." "They what." He gets to his knees holding his head before Tulio and Chel rush to his side to comfort him. As the sun rises higher in the sky Miguel and Tulio are walking as he tries to comfort his friend. "Hey you know she has a steady head. He probably messed with her mind to make her fall for him." "Tulio she already been in bed with him, I..i don't believe anything else could happen." "Uhh..how about that." Tulio says as he points to the gathering crowd towards the cheif's temple. The duo walks up as Chel is in stress. "Chel whats going on." "Your not going to believe it but Kaiti she.." "Citizens!!" Comes the cheery voice of Tannabok, they all look seeing him walk up with Kaiti and Tzekel-kan. "We have such joyish news! One of our own Tzekel-kan has news to annouce!!" Tzekel-Kan steps up with Kaiti as he holds her hand. "I am proud to annouce..i have showed my love to Kaiti. I have asked her hand in marriage!" He lifts her hand showing off the ring as Kaiti is hiding her face shyly in his shoulder, Miguel feels the world stop around him as he grows quiet. "She..she's marrying him.." He says out of breath before Chel holds her head with Tulio. "Oh no..." "Yes we are getting married! Which i proudly hope you will attened!!" Tzekel-kan says with a happy look. Miguel can't stand it before he turns and runs out of the crowd ignoring Tulio's yells as he feels the silence take over. It can't be it can't!! Tzekel-kan watches as he smirks to himself. "This will be glorious and the step forward I need to really get this plan going." Kaiti listens to the cheers and she looks at the ring. She's marrying him, she couldn't dream of someone wanting her hand in marriage. But this was what she was wanting and will always treausre close to her heart.

(I know this chapter is short but it is building up towards some big things later on!!)

Chapter Notes

Sorry I'm just now posting this! I've been juggling the new fic and some personal stuff, I promise I will get to finishing this.

"Do you think they liked the idea my dear." Tzekel-kan says as he watches Kaiti mess with her ring, she's still trying to take it all in with the sudden way he asked her. "Well I think they did. They seemed very happy." "All except for Lord Tulio and Miguel my dear..." Kaiti looks down softly still remembering Miguel's words but she shakes her head getting up heading to Tzekel-kan wrapping her arms around his neck. "Well they'll get used to it I'm sure. For now let's plan our wedding!" He smiles with a chuckle holding her as they both look out the door to the city, Kaiti lays her head on his shoulder feeling him rubbing her knuckles. "It's what you want Kaiti." "Well to be honest I'm happy with anything you want to do. I'm not picky at all." "Really." He softly begins to dance with her twirling her around as she laughs landing back into his chest. "I do have a idea with the year of the jaguar. I have this beautiful dress that would compliment your form." "Oh really, I'm guessing the theme is green." She jokes feeling him dip her gently, he runs his hand down her neck to her breasts making her shiver. "Why yes. I'll have it ready for you since the wedding will be in three days." "Three days!" She gasps raising up looking to him with shock. "Isn't that a bit quick Tzekel-kan!" He puts her in front of his mirror reaching for a box beside them, he brings out a lovely hanging crown placing it on her head showing of the green gems that shine around them. "I want to make sure it falls on the same day, when that moon rises and we're under the statue it will signal the new era!" Kaiti softly messes with the gems but she nods towards him turning around placing her hands on his chest. "Then it's settled, we'll wed in three days!" He smiles bringing her into a soft kiss before footsteps was heard and a native runs in, he is panting but quickly spots Kaiti running to her. "My goddess I'm so sorry to interrupt you but Lord Miguel and Tulio have summoned for your presence!" She softly lets Tzekel-kan's hands go and she nods with a sigh. "Okay let's go and see them. I'll be back Tzek." She follows the native

down the stairs with Tzekel-Kan watching them, he has a scowl across his face before he looks towards his pool. "I cannot let those two mess this up. It's so close I can taste it." Kaiti makes it down the stairs walking up to Tulio seeing Miguel was on the ship by himself. "Tulio what's wrong." He turns around putting his hands on her shoulder before he takes her to a corner, she watches Chel loading some bags on the ship with Miguel's help. "Well I know with your announcement that your going to stay here right." "Well yes, I'm staying here with my fiancé of course. Wait..are you guys leaving now. I figured you'd stay for the wedding.." Tulio rubs his head making a face before he sighs gently. "I'm sorry Kaiti we got what we was wanting." She starts to tear up before she wipes the tears quickly. "So it's like that huh! Your just going to get the gold and leave right! Not at least stay to support me! For christs sakes I finally get to marry someone I love!" "K-Kaiti it's not like that!" "No I see how it is! It's fine go I'll be happy here with Tzekel-kan!"

She rushes off from Tulio's grip and he sighs with Miguel coming down from the ship, they watch Kaiti disappear in the crowd before they hear Chel walk up. "I'm not liking that reaction, Maybe we should stay. We can convince her to break the marriage off before it's to late." Tulio nods watching Miguel nod to. "Yeah I don't like what he's doing to her." Kaiti softly wipes her tears as she is walking through the crowds thinking, who needs them when they don't want to support her. She feels some women softly take her to the temple as they are holding some things that look like the dress. Tzekel-kan smiles seeing them getting the dress ready as Kaiti is watching them, she has a bit of a nervous feeling thinking second thoughts about the wedding. Two days pass of getting preparations ready as the city is bursting with excitement for the wedding. Decorations of all was put up as a party was being thrown for the happy couple and Tulio and Miguel's goodbye party. Kaiti is nervous as she's being dressed for the party, she's wearing a beautiful rainbow dress with some golden jewelry to match with it. She looks at herself in the mirror before two arms wrap around her showing Tzekel-kan dressed in some traditional gabs. "You look beautiful Kaiti. Like the goddess I fell in love with." She smiles kissing his cheek looking back to the mirror softly. "You look handsome Tzekel-kan. I'm a bit nervous for this party, you think it will go well." He softly hums taking her to the door seeing the natives look up and cheer for them, Kaiti softly looks shocked before she looks to him. "Does that answer your question my dear." "Uh yeah. You ready to head down there." "Of course!" He wraps his arm in hers and they walk down the stairs hearing music start to play. They get flowers and petals thrown on them before they get to the table, Tzekel-kan hands her and drink and they softly clink their glasses together. "To our wedding, the start of our new life." Kaiti smiles at him lovingly. "To our new life, a adventure that will be filled with love and joy." They give each other their cups and drink from it before the crowd cheers starting to get wild. Tulio elbows Miguel showing them drinking and talking, they walk up to the couple seeing Tzekel-kan not look to pleased at their entrance. "Congratulations you two, Im sure your excited for the wedding right." "Of course it'll be a wonderful day." Tzekel-kan holds her giving Miguel a glare before he smiles at them. "Of course one that won't have interruptions." The way he says that makes Miguel and Tulio give him a look knowing he's wanting them not to show up, Miguel gets Kaiti's hand surprising her. "May I have a dance with the bride." Before Tzekel-kan can answer he swipes her away starting to dance with her far from his ears. "Kaiti I know your mad at me but we need to talk." "Talk about what Miguel, you already made yourself clear." "I know and I'm so sorry..but I think Tzekel-kan maybe using you for that wacky year of the Jaguar thing." "And what makes you think that!" "Why would he ask you to marry him when we've only been

here for a week!" "Miguel he loves me! He would never use me!" "Kaiti please listen to me."
"I think you done enough talking Lord Miguel.."

Tzekel-kan separates them and he glares toward Miguel as he holds his bride to him. "I don't like your filling her head with such viscous lies! Why are you acting this way." The music dies down as the natives start to whisper and look towards them, Miguel backs up but he stands his ground. "Because your using her! You don't love Kaiti you just want to use her to prove something stupid!" "Like your not truly gods." Tezekel-kan sneers as Tulio and Chel runs up to them. "No! Because your convincing her we're not good for her! We're her friends we know what she needs and she don't need a man who's nothing but a asshole!" Kaiti steps up to them but Tzekel-kan holds her back. "Jesus why are you guys doing this! You think Tzekel-kan is out to get you or something!" "That's because he is! He's a psychopath that wants to kill everyone and see blood rain from the skies! What do you think he wants you for Kaiti! He's probably wanting you for your virginity or to sacrifice you!" "ENOUGH!" Kaiti barks at them as she holds Tzekel-kan's hand. "You guys are really pathetic! Your bringing this man down because a few mistakes he's made! You really need to relfect on out friendship because whether or not you like it I'm marrying him and there's nothing can do about it!" She walks off towards the river to be by herself and Tzekel-kan looks to them shaking his head, he heads off to comfort her as Miguel sighs hard. "We're going to loose her!" "Don't worry buddy tomorrow won't be the best day for that maniac." Kaiti sighs moving her feet in the water as she watches the fish swim around her. She sees Tzekel-kan sit down by her before he wraps an arm around her softly. "Don't listen to them my dear. Their just wanting to try and break us up." "I thought they was my friends..What did I do wrong." "Nothing! Just sometimes people don't want to see others they so call "Care" for be miserable. Don't worry I will never leave you. I love you Kaiti." She smile softly hugging him tightly to her. "I love you to." They watch fireworks go up in the air cuddling close to each other enjoying the show above them. Kaiti feels the wind pick up as she looks to Tzekel-kan seeing his eyes reflect of the colors in the sky, she's so lucky to have him. He's her everything and her world that will protect her through out thick and thin.

The next day the sun rises high in the sky, two figures was watching the sunrise together counting the moments they knew the day would begin. Kaiti excitedly is holding Tzekel-kan feeling him lightly resting her on his chest. "You seem excited my dear." "I'm sorry I'm just ready to become your bride." "Be patient you will soon." He kisses her cheek gently as the sun finishes rising in the sky singling the new day, they get up Kaiti lifting her arms in the air stretching softly. Tzekel-kan lets a purr out at her shirt lifting up exposing her breasts and he softly lays his hands upon her stomach starting to go up. Kaiti lightly moves his hands pulling the shirt back down hearing his soft huff, she laughs but kisses him. "Not till tonight Tzekel-kan. After our wedding I plan on giving you my gift if you catch my drift." She walks towards the bed gathering her things as she looks down towards the city. "Say when will the wedding start anyway." "Towards night time, I want the moon to rise as we say our vows." Kaiti smiles at how romantic is sounds but doesn't realize his real intentions for it, she walks towards him with her bag when he pushes a paper to her. "I need you to get a few things to bless the wedding with. You can do you that for me can't you." She sees him give her a smile and pinches his cheek. "Of course! I won't be too long okay!" Kaiti runs out of the door down towards the stairs and Tzekel-kan frowns going toward his table getting a book. "I am excited but not for the reasons she thinks." He walks towards the pool seeing the notes he's been working on before he sits down on the cool floor. "I need to get ready to prove Tulio and Miguel are not gods. Those idiots won't fool the city for too much longer. I just do hope Kaiti won't mind me doing a few things to expose them." He laughs closing the book making a few birds fly off the temple, Kaiti is running around gathering the ingredients wondering what there for. She picks up a few herbs when a man grabs her arm gently leading her to his stand. "I hope I'm not interrupting anything my goddess but I have something for

you." "Oh your not! I'm just getting a few things done, what do you have." He pulls out a necklace with a rainbow of feathers on it before he puts it around her neck, she looks to it with a soft smile. "Thank you, it's beautiful." "Its a symbol of good luck for the wedding." The man bows to her and she bows back before she heads off down the road to gather the rest of the stuff. As the sun is starting to settle into the day Kaiti rushes up the stairs panting, she's holding the box close to her as she heads into the temple. "Tzekel-kan I'm back! I got all your stuff." She hears nothing before she gets confused walking around. "Dear where are you." She turns the corner bumping into someone that sends her back a bit, she looks up seeing Tzekel-kan soaking wet wearing nothing. "There you are! I got the things for the wedding." He takes the box from her hands as he sits it down before he leads her to the bath he was in. "Thank you Kaiti, would you like to go ahead and get cleansed for the wedding." "Sure why not." She begins to strip softly heading into the warm water with him as they both sigh softly laying against each other.

Tzekel-kan begins to wash Kaiti softly pouring water over her hair running his fingers through it, she lets out a soft purr at how gentle his fingers are as he softly washes her hair scratching her scalp. "Are you excited for us to marry my dear." "Very Tzekel-kan, I look forward to the wedding and spending time with you alone later." She gives him a soft smile seeing a soft blush rise up to his cheeks. "Well we have plenty of time to be alone later Kaiti, I must get you ready after all." He softly pours a green liquid over her body seeing her shiver at the cool feeling, he then lathers it up covering her entire body in foam and soap. Kaiti coughs a bit before Tzekel-kan pours more water over her before he spreads her legs softly washing her sex gently seeing her blush at the action. "What is this green stuff anyway." "Its a potion I made that will bring us good fortune and up your fertility." She gives him a look at the fertility part before some women come in startling them, Tzekel-kan puts Kaiti back into the water finishing her off before he looks. "Are you here to get her ready." "Yes sir." One of them says before he wraps Kaiti in a cover starting to dry her off handing the girl to the women. "I will see you tonight Kaiti at the wedding." Kaiti nods following the women down the stairs as the man lets out a deep scowl of a sigh, he walks over to the book of gods before he runs his hand down the picture of the female goddess. "Soon..they will see your true form Kaiti." Inside of a beautiful temple the women are fitting Kaiti with a beautiful green dress getting her ready for the wedding. She winces feeling them put her hair up before their adding jewelry to her, Kaiti looks towards them as she sees how nice she's looking. "What's the matter goddess." One of them asks before Kaiti looks to her. "I'm just a bit nervous is all..do you really think I deserve such nice things for this wedding." A taller one holds her letting her look towards the mirror towards herself as they start to apply some makeup and face markings. "Your look beautiful my goddess! Perfect for your wedding night and Tzekel-Kan." Kaiti watches them apply the last of the makeup before she takes a deep sigh watching the sun begin to set in the sky, she feels them put a veil over her head before she nervously messes with the jewelry. Down below them the natives are setting up the wedding as Miguel and Tulio are watching from a set of stairs. "I can't believe their all happy for this.." "Probably happy Tzekel-kan will leave them alone." Tulio takes a sip of his drink before they see Tzekel-kan walk down in some ceremonial looking clothes with some jewelry and facepaint, he heads to the alter while Chief Tannabok rolls his eyes before he gets signaling the native men to play their instruments. The soft music plays in the air before they see Kaiti starting to walk down holding some flowers in her hands. The boys watch in awe as she steps onto the alter barefooted before she settles in front of Tzekel-kan, he lifts her veil seeing her green eyes staring into his dark ones before he holds her hands softly. Tannabok coughs

before he looks all around taking a deep breath. "Citizens! We are all gathered here today for a miraculous event! The marriage of Goddess Kaiti and Priest Tzekel-kan!" The natives cheer as Tulio and Miguel walk up watching them, Tannabok continues as he looks to the happy couple. "We shall honor them by listening to the vows they have wrote!" Tannabok backs up as Kaiti softly pulls out some paper as she looks to Tzekel-kan the moon starting to rise above them.

"Tzekel-kan, for the many days I've been here I've grown to love you and El Dorado. You have treated me like no one ever has and I want to spend the rest of my life with you. I want to be by your side through your good and your bad days and protect you when you need it. Through thick and thin we will always be together." Tzekel-kan smiles widely leaning his forehead against hers as he rubs her cheek. "Kaiti..although I've known you for a few days you have grown to make my heart swell, I have never felt so much love from someone in my life. You have made my heart beat for you and I cannot stand to be without you. You are the light of my life and I hope to spend my years with you." Chief Tannabok pushes them together before he hands them a cup to drink from. "For now you both drink from the cup to show your love." Kaiti and Tzekel-kan brings the cup to their lips before they take a drink of the red liquid and Kaiti almost chokes tasting how strong the alcohol is before they swallow it, the natives throw flowers onto them before the chief finally finishes the vows. "Now and forever with these two souls, I now pronounce you man and wife! You may now kiss the bride." He backs up as Tzekel-kan holds Kaiti close to him with a soft smile, they lean in kissing passionately before Miguel digs his nails in his arm heading up to the altar surprising everyone. "I object to this!" He says to them before he pushes them apart putting his hand on Tzekel-kan's chest. "This is wrong! You're not in love with her just admit it already!" "Miguel what the hell!" Kaiti says trying to get him away, they glare to each other before Tzekel-kan pushes Miguel back. "You have done enough here "lord" Miguel! As the moon has risen to the night I will have my revenge!" He spits at him before he walks past them towards his temple. All was quiet before everyone starts to head off to celebrate before Kaiti gives Miguel a hurt look. "You just had to ruin our wedding didn't you..you couldn't finally hold in. You wanted to hurt me, I hope you're satisfied!" She heads off to the bar to get some drinks as Tulio and Chel walks up to him. "Miguel why did you do that!" "I couldn't just stand there and let it happen! She'll thank me.." He heads down the party and Tulio and Chel both sigh sitting down with him on some chairs, Tzekel-kan throws the robes off wiping the face paint off before he heads to Acolyte mixing a potion up for him. He grabs the book flipping through the pages in anger circling him. "Did your wedding go well sir." "It would have if it weren't for those fools! It's time to show everyone who they really are.." He stops seeing the picture in the book of the last ingredient and he looks to Acolyte holding the cup with his umbrella, he grabs it smelling it before he sneaks behind him kicking the man into the liquid. The green liquid explodes into magic sending the man back into the wall as it seeps into him and the wall lighting everything up around him including the jaguar statue. He launches forward as the statue does and he moves around watching it copy his movements before he smirks. "Do..as I say and what I do!!" He lets out a loud laugh before the statue shakes with him.

Kaiti is silently sipping some fruit mix as she sighs a bit, she hadn't heard from Tzekel-kan in a while and she was sure still mad. She gets up heading to the trio as she glares to Miguel clenching her drink. "Well I hope you're fucking happy, this night was going well before you opened your big mouth!" Miguel gets up heading to Kaiti before he sits her drink down to talk to her. "I did what was best for you Kaiti! He was tricking you into the marriage for his

own gain!" "No he was actually happy Miguel! He has changed these past days and you wouldn't give him a chance!" They both growl at each other before a loud roar is heard in the air, they look seeing the jaguar statue burst out of Tzekel-kan's temple before it charges the natives as Tzekel-kan comes up laughing with glowing green eyes. "Now we'll see your "Divinity"!" He mocks with his fingers before the natives run screaming around them. The jaguar statue flings some guards away before it stops in front of Kaiti slashing her leg, she falls back hearing Miguel yell for her as it stares at Kaiti with its eyes. "What the hell! Get away!" She sees the dress had torn showing her legs and she grabs the ripped parts wrapping it up before she gets up. Tzekel-kan scolds himself as she sighs, he didn't mean to attack his own bride. "Damned Statue, attack the others not Kaiti!" The statue roars charging towards Chel as Kaiti rushes off towards Tzekel-kan's temple as fast as she can. "Tulio!!" Chel yells before Miguel and Him throw rocks at the Jaguar making it look to them. "HEY you Tzekel cat! Over here!" It roars chasing after the men as they head down the hill over some dried lava, Kaiti rushes into the hotel panting before she spots Tzekel-kan over the pool controlling the Jaguar. She limps over to him tackling the man to the floor making him lose control of the statue for a moment when it was close to getting Miguel and Tulio. Tzekel-kan opens his eyes seeing Kaiti giving him a harsh glare as she starts to hit his chest, the man pins Kaiti roughly against the wall digging his claw like nails into her with a fanged smirk. "Isn't it beautiful my dear, the year of the jaguar has started off horrible thanks to those fake gods but it will get better once I get rid of them!" "T-Tzekel-kan this isn't right call off the statue!" Tzekel-kan raises his hand putting control over the Jaguar before he gets to serious business in front of him. He pushes Kaiti to the floor ripping off her panties as she gasps at the gesture feeling him pin her arms up with some magic cuffs, he pulls his loin cloth off showing his already hard cock that was dripping pre-cum. He lifts her hips up to him before he rubs the head of his cock against her sex before she shudders under him. "This ain't no time for us to fuck Tzekel-kan!!" He lets out a deep chuckle before he leans down breathing onto her neck, he slowly licks up her skin feeling goosebumps form before he looks to her with his glowing green eyes. "We have all the time my dear. After all I'm giving you my wedding gift." He thrusts into her letting out an animalistic growl feeling how tight she was under him while Kaiti closes her eyes in pain, he digs his claws into her hips as he grits his fangs in pleasure finally feeling a pop before Kaiti lets a whimper out to herself. Tzekel-kan pulls out seeing blood coating him and he thrusts back into her again going deeper his hips pressing into hers. "You so tight my dear..I don't think I can even control myself."

He flips Kaiti onto her stomach before he puts her hands behind her back, Tzekel-kan grips her hair before he starts to thrust deep into her the sounds of their skin slapping into each other in the air. Kaiti finally lets out soft moans at the new feeling closing her eyes feeling a spank come her way and she lets out a yelp. "Look at me my goddess, I will make sure this kingdom is ours now." Tzekel-kan is letting out loud growls and grunts as he is speeding up his thrusts getting rougher and more wild, he closes his eyes sensing the statue had Miguel and Tulio trapped against the edge of the sacrifice area. He opens them looking to Kaiti slightly cursing to himself that he can't get any more time with his own bride but alas he has things to do. Tzekel-kan puts Kaiti in his lap hitting her g-spot before he gives another thrust letting out a roar before he bites into her shoulder cumming deep into her womb, Kaiti lets out a loud mewl of pleasure before she cums herself feeling her stomach swell up from his cum. He lays her down pulling out with a pant before he cleans himself up getting ready to head out of the temple towards his goal. Kaiti opens her weak eyes before she forces herself to get up, she heads to the pool cleaning herself out before she grabs some spare clothes

following after him. Miguel and Tulio both huddle up towards the edge as the statue is growling when it shuts down with Tzekel-kan walking up to them. "I know what you are, and you are not GODS!" He growls out to them before they look to each other in confusion, Tulio grabs Miguel before he shakes him. "Your not a god!" He makes a face for him to play along before he pushes Tulio on anger. "HOW COULD YOU!" "Well it was your idea to grab the gold in the first place!" Tulio lets out a scoff before he follows Miguel as Tzekel-kan watches them. "It was your idea to come here in the first place AND bring Kaiti along!" "We couldn't just leave her in the forest! At least Im not dating my reason!" Tulio lets out a scoff as he points to him. "Oh low blow..listen here high and mighty we'd be out of here if it wasn't for your heroism with Kaiti and Tzekel-kan's relationship!" "HEY! I had to help her, unlike him who was just using her for this plan!" Tzekel-kan lets out a growl as he walks over to the men glaring. "I wasn't using her, your just angry she loves me." Tulio pushes Miguel as he glares "Maybe I dont need you then!" "Fine by me!" "Allright!" They begin to slap each other making Tzekel-kan laugh hard until they both end up punching Tzekel-kan towards the ledge, they grab a vine before they see Kaiti run up panting. "Wait don't hurt him!!" "Stay out of this Kaiti it's for his own good!" They charge towards him until he growls making the statue come back and it pounces them cracking the ledge sending them over. "TZEKEL-KAN!" Kaiti yells and she charges jumping off the ledge after him much to the boys horror. "KAITI!" They yell loudly as she grabs ahold of Tzekel-kan holding him tightly, He grips Kaiti feeling the wind blowing their hair knowing it was their death. A golden glow blinds them all before Tzekel-kan feels himself stop falling in the air, the boys hear the sounds of flapping before their eyes widen at Tzekel-kan being lifted up by something. He gets dropped to the ground with a thud as Miguel and Tulio climb up to witness something that makes their mouths open up wide at what their seeing. A pair of giant talons land digging into the stone as a figure stands tall, green and blue feathers on the wings adorn the top being golden and soft looking with scaley dragon like lower body with a large feathery tail until it hits a womans torso with tattoos and reveals Kaiti wearing a dark owl mask while her eyes are glowing white and she has fangs in her mouth.

The natives around them are in awe before they all bow down to her with Chief Tannabok bowing with them. Tzekel-kan looks up confused until he turns around gasping at what he's seeing, he throws himself to Kaiti's talons before he looks to her with teary eyes. "I-I knew you was a goddess my dear! I just knew it!!" Tulio and Miguel walk up before they get to their knees softly bowing to Kaiti. "Wow..a harpy goddess who knew!" "Yeah now that we know you are one.." Tulio points towards Tzekel-kan who hides behind Kaiti's legs with a defeated look. "Show him who's boss Kaiti! Make him learn not to mess with the gods!!" Kaiti lets out a sigh before she hits them both with a wing, she picks Tzekel-kan up as she looks to the Natives. "I'm going to punish him, but in my own way. I promise to help rebuild the village with what damages was done." The natives cheer and Kaiti puts him in her talons before she flies over the entrance as everyone follows after her. The sun rises high in the sky with everyone surrounding Kaiti and the boys cheering them on, Tzekel-kan is sitting by himself far away from everyone when he feels two soft feathery wings grab him pulling him into someone's chest. "Hey why arent you at the party." "I messed up my dear..their wanting me gone now." "Well that isn't true. We're both staying here." Tzekel-kan looks up to her in shock before she gives him a nuzzle. "Does that mean.." "Yes I'm staying with you, I'm not going to leave my husband." Tzekel-kan holds her cheeks with tears as they cuddle up close him running his hand through her feathers hearing her let out soft purrs with her tail waving a bit, Miguel lets out a sigh before he looks to Tulio. "I owe them a apology, maybe she was

right about me being jealous." "There you go Miguel!" He pushes him and he walks over to the two seeing them look up to him. "Kaiti Tzekel-Kan..I want to apologize to you two for my behavior. I was wrong to separate you two and hurt you Kaiti." Kaiti lets a smile out before she rubs Miguel's head softly. "It's okay Miguel we forgive you, how about we all celebrate before you guys go." "Sounds like a plan to me." He heads back to Tulio and Chel and Kaiti picks Tzekel-kan up as they head back to the cheering crowd.

"Okay holding the cup with my talons feels weird." Kaiti says as she takes a drink from said cup, Tulio rolls his eyes as she pokes her stomach with a finger. "Maybe turn back and you can drink normally!" Kaiti lets out a huff before she pushes Tulio back with her tail. "I don't know how, it just came on okay." Tzekel-kan is sitting beside his bride as he's quietly drinking to himself, Kaiti nuzzles him earning a smile as he wraps his arm around her large frame. "This will take time for me to get used to." "Oh har har. Its taking me time to learn I'm a goddess!" Miguel taps his cup before he makes a toast around them. "To the bride and groom! The happy two that are our friends, and to the bride that made me realize I have someone that cares for us." Kaiti toasts her cup with Tzekel-kan and they all take a drink before Kaiti shudders at the taste, she sits it down leaning back as she rests. "I think Im done with the drinks." She lays a wing on him as he rubs her stomach noting the energy that's coming from her. He raises up using his powers as his hand is glowing green, he rubs her stomach again feeling the energy again. "Kaiti..this energy I'm feeling from you. Your pregnant!" Kaiti sits up quickly looking to him. "I-Im pregnant!" "The fertility spell worked!!" He hugs her close to him as they softly nuzzle each other happily as the boys look over in shock. "Congratulations Kaiti!" "Yeah let's hope this one isn't a full blown bird." "TULIO!" She says blushing as she smacks him with her wing, the boys laugh and joke with her until a native rushes up panicking. "Chief Tannabok! The forest is on fire and these strange men are coming through the forest looking for the goddess!" "Strange men.." Kaiti says confused until she realizes what hes talking about. "Cortez! But he couldn't have found the way here unless he found the map!" Tulio and Miguel come up to them before Kaiti looks

to Chief Tannobok. "What are we going to do!" "If we get them on the boat we can destroy the gate so Cortez can't enter El Dorado."

They nod and they scramble getting some strings up around around the pillars as Tulio, Miguel and Chel get onto the boat. Miguel looks to Kaiti and Tzekel-kan with a hurt look before she holds his hand with her clawed one. "Don't worry Miguel, you guys can come back and visit us. Now go we'll miss you guys!!" She takes off pressing into the boat giving them a hard push as they take down the river, the natives start to pull the pillars before the collapse into the water sending the three into the tunnels as the rocks start to hit the water roughly. Kaiti watches as they disappear and she flies up sensing they had made it though as the entrance is fully destroyed, the gang comes up breathing hard as they sigh losing all the gold from the boat. They hide at the sound of voices before Cortez walks upon his horse seeing the rocks in front of him. "There's no El Dorado, that woman was crazy. Just wait till we find her.." He turns the horse as the rest of them leave and they peek again as Miguel sighs. "Wow that was close, lucky she stayed behind with Tzekel-kan." "Hey Miguel we're going to miss her to. But we got adventures to go on!" Chel gets on Altivo and she rears him up. "Come on boys to adventure!!" She takes off without them and they chase after her with a yell. Kaiti looks to Tzekel-kan as she lands and she sighs softly. "I'm really going to miss them." He holds her close rubbing her stomach before he takes her back to what was his temple. "I know my dear but we have many plans ahead of us." "Like.." "Well the fact we're going to be parents, and we need to build onto the temple for them!" "Your right, and I have a big job as being El Dorado's protector." She nuzzles him and kisses him before they head inside as the sun rises high into the sky.
